Maricopa County
County Administration Building
301 W. Jefferson Street
Phoenix, AZ 85003

Arizona Revised Statute (A.R.S.) §41-1279.21 requires the Office of the Auditor General to conduct financial audits of the accounts and records of County governments. Pursuant to the statute, the Office of the Auditor General audited the Comprehensive Annual Financial Report (CAFR) of Maricopa County in accordance with generally accepted auditing standards for the year ended June 30, 2010.

This report consists of management's representations concerning the finances of Maricopa County. Consequently, management assumes full responsibility of the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of Maricopa County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for preparation of Maricopa County's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal control should not outweigh their benefits, Maricopa County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The goal of the independent audit was to provide reasonable assurance that the financial statements of Maricopa County for the fiscal year ended June 30, 2010, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors expressed an unqualified opinion on the Maricopa County financial statements for the fiscal year ended June 30, 2010. The auditors concluded that the financial statements were considered fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of Maricopa County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. This report will be available in Maricopa County's separately issued Single Audit Report to be issued at a future date.

GAAP requires management's discussion and analysis (MD&A) immediately following the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. This MD&A complements this letter of transmittal and should be read in conjunction with it.

County Profile

Maricopa County was established on February 14, 1871 and is located in the south-central portion of the State of Arizona. According to Arizona Department of Commerce, at July 1, 2009, Maricopa County contained 60.2 percent of the State's total population (www.azcommerce.com). The County occupies 9,224 square miles of which 2,145 square miles are incorporated. Phoenix is the capital of Arizona as well as the county seat for Maricopa County.

Maricopa County operates under a five member elected Board of Supervisors who appoints a County Manager. The County Manager is responsible for the general administration and overall operations of the various County departments. The County has several elected officials including the Assessor, Clerk of the Superior Court, Constables, County Attorney, Recorder, Sheriff, Superintendent of Schools, and the Treasurer.

Maricopa County includes in its financial statements all activities of the County and its component units. Component units are legally separate entities for which the County is considered to be financially accountable. See Note 1 to the Notes to the Financial Statements - Summary of Significant Accounting Policies for additional information.

Maricopa County offers a wide variety of governmental services, including:

- *Community Resources:* Library District, Stadium District, and Superintendent of Schools
- *County Administration:* Board of Supervisors, County Administrator, Assessor's Office, Clerk of the Board, Elections, Finance, Human Resources, Information Technology, Treasurer's Office and Facilities Management
- *Justice and Law Enforcement:* Clerk of the Superior Court, County Attorney, Trial Court, Adult Probation, Juvenile Probation, Sheriff's Department, Public Defender and Public Fiduciary
- *Medical Services:* Public Health, Human Services and Medical Examiner
- *Public Works:* Flood Control District, Transportation Department and Solid Waste Management

The annual budget serves as the foundation for Maricopa County's financial planning and control. The County is required by A.R.S. §42-17101 et. seq. to annually prepare and adopt a balanced budget. Arizona law further requires that no expenditure shall be made or liability incurred in excess of the amounts budgeted except as provided by law. Maricopa County's annual budget is available on the Internet at the following address: <http://www.maricopa.gov/budget/>.

Economic Outlook

Maricopa County has a variety of industries within its boundaries with the majority comprised of high tech, financial, and service industries. Some of the major employers located in the state include Wal-Mart, Banner Health Systems, Wells Fargo & Co. and various local governments (The Book of Lists).

Because of a favorable climate and mild weather conditions, tourism is also a large factor in the strength of the local economy. Major sporting events can be held year around and many people come to the area during the winter months. Maricopa County is the home to teams from major league professional sports, which include the Arizona Cardinals of the National Football League (NFL), Phoenix Suns of the National Basketball Association (NBA), Arizona Diamondbacks of the Major League Baseball (MLB) and the Phoenix Coyotes of the National Hockey League (NHL). Maricopa County also hosts several major league baseball teams for the annual spring training Cactus League. Maricopa County is also a host to other major sporting events such as the Waste Management Phoenix Open golf tournament, and Phoenix International Raceway, which hosts two major NASCAR events each year. Cities within Maricopa County also host college bowl games such as the Fiesta Bowl and the Insight Bowl.

Arizona's economy is slowly starting to recover from the economic downturn and is expected to show signs of improvement in fiscal year 2011 (<http://knowledge.wpcarey.asu.edu>). Maricopa County's unemployment rate is 8.5 percent as of October 2010, which remains below both the State of Arizona and the United States unemployment rates of 9.5 percent, and 9.6 percent, respectively (www.workforce.az.gov).

Financial Policies and Long-Term Financial Planning

Financial Planning – Maricopa County has a fiscally conservative management philosophy, which has allowed the County to be financially successful. Maricopa County prepares a five-year financial forecast, with the assistance of an economist, which is updated on a quarterly basis for several major funds, including the General Fund and Detention Fund. The five-year forecast provides a conservative estimate of the County's fiscal condition given realistic economic trends, current Board policies, and existing laws. The forecast does not incorporate anticipated policy changes, spending priorities, or proposed new revenue sources.

Capital Improvement Program – Maricopa County's Capital Improvement Program (CIP) identifies capital projects to be completed over the next five years. Because these projects typically span more than one fiscal year, the plans are updated annually to track existing projects, identify new projects, and update funding estimates and forecasts. It is the County's policy that new capital projects will be undertaken only if future operating revenues are reasonably estimated to be sufficient to support associated future operating costs. Operating costs associated with new facilities are budgeted by the user department in conjunction with the Facilities Management Department. Estimated operating costs, as well as anticipated savings in lease costs and operating costs of facilities to be replaced are factored into the County's ten-year financial forecast.

Debt Management – Maricopa County utilizes a modified "pay as you go" financial policy for large capital improvement projects and other infrastructure. The County pays cash for many capital improvements, or utilizes lease reversions or other funding sources from the General Fund to pay for large dollar projects.

Cash Management – Maricopa County maintains deposits and investments in the Treasurer's Pool and outside of the Treasurer's Pool. The Treasurer's Pool invests all idle monies not specifically invested for a fund or program. In addition, the Treasurer determines the fair value of those pooled investments monthly and at June 30. Deposits and investments held outside of the Treasurer's Investment Pool represent a small portion of the County's total investments.

It is the County's investment policy to: collateralize all deposits by at least 101 percent of the deposits not covered by depository insurance; preserve the principal value and the interest income of an investment; hold investments to maturity, where practical, to avoid any loss on investments resulting from an early sale or retirement of an investment; and require all of the Treasurer's securities be held by the agent or trust department and in the County's name.

Expenditure Limitation – On June 30, 1980, Arizona voters approved general propositions amending the Arizona Constitution to establish expenditure and revenue limitations for local governments. The purpose of the expenditure limitation is to control expenditures and to limit future increases in spending to adjustments for inflation, deflation and population growth of the County. The Constitution also limits the

amount of revenues that may be generated from property taxes. A two-percent plus new construction annual increase is the maximum allowed by law unless special voter approval is obtained. This report will be available in Maricopa County's separately issued Expenditure Limitation Report to be issued at a future date.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Maricopa County for its comprehensive annual financial report for the fiscal year ended June 30, 2009. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both U.S. general accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report could not be accomplished without the efficient and dedicated services of the Department of Finance staff, the assistance of administrative personnel in the various departments, and the competent service of the Office of the Auditor General. We appreciate all of those who assisted in and contributed to the preparation of this report. We also wish to express our sincere appreciation to the Board of Supervisors for their support in planning and overseeing the financial operations of the County in a responsible and progressive manner.

Respectfully submitted,

David R. Smith

June 30, 2010

The Honorable Maricopa County Board of Supervisors

The Maricopa County Citizens Audit Advisory Committee has prepared this letter for inclusion in the county's Comprehensive Annual Financial Report (CAFR) according to the committee's charter. Described herein are the committee's composition, responsibilities, and an account of how the responsibilities were discharged.

Composition of the Committee

The membership of the committee shall consist of five voting members and three non-voting members. The voting members shall be board of supervisor appointees from the public and shall serve two-year terms. The non-voting members shall be the county's chief financial officer, the county attorney, the auditor general, or their designees. The chairman of the board of supervisors shall appoint a committee chairman from the voting members. The committee chairman shall serve a one-year term.

Responsibilities of the Committee

The committee's primary function is to assist the board of supervisors in fulfilling its oversight responsibilities. The committee accomplishes this function by reviewing the county's financial information, the established systems of internal controls, and the audit process. The committee also suggests areas requiring audit emphasis. Specific duties of the committee are described in the committee charter.

Accomplishments of the Committee (Fiscal Year 2009-2010)

The Citizens Audit Advisory Committee:

- Reviewed the county's internal audit activities and management's responses thereto.
- Reviewed the county's annual financial statements and issues related to the external audit performed by the Arizona State Auditor General.
- Provided guidance and commentary as needed.
- Enhanced the communication between the internal and external auditors.
- Met five times during the fiscal year, according to charter requirements.

Respectfully,

A handwritten signature in cursive script that reads "Janet Secor".

Janet Secor, Chair

Certificate of Achievement for Excellence in Financial Reporting

Presented to

Maricopa County
Arizona

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2009

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Independent Auditors' Report

Members of the Arizona State Legislature

The Board of Supervisors of
Maricopa County, Arizona

We have audited the accompanying financial statements of the governmental activities, discretely presented component unit, each major fund, and aggregate remaining fund information of Maricopa County as of and for the year ended June 30, 2010, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of three departments and the discretely presented component unit, which account for the following percentages of the assets and liabilities of the opinion units affected:

Opinion Unit/Department	Assets	Liabilities
<u>Government-wide Statements</u>		
Governmental activities:		
Stadium District	6.86%	9.12%
Risk Management	1.31%	17.30%
Employee Benefits Trust	1.22%	2.77%
Discretely presented component unit—Housing Authority	100.00%	100.00%
<u>Fund Statements</u>		
Aggregate remaining fund information:		
Stadium District	1.08%	0.01%
Risk Management	2.22%	35.35%
Employee Benefits Trust	2.06%	5.65%

Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as they relate to the amounts included for the Housing Authority; the Stadium District, which includes the Ballpark Operations and Cactus League Operations Special Revenue Funds, the Stadium District Debt Service Fund, and the Long Term Project Reserve Capital Projects Fund; and the Risk Management and Employee Benefits Trust Internal Service Funds, are based solely on the reports of the other auditors.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, discretely presented component unit, each major fund, and aggregate remaining fund information of Maricopa County as of June 30, 2010, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

The Management's Discussion and Analysis on pages 3 through 13, the Budgetary Comparison Schedules on pages 73 through 76, the Schedule of Agent Retirement Plans' Funding Progress on pages 77 and 78, and the Infrastructure Assets information on page 79 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual fund statements and schedules, and statistical section listed in the table of contents are presented for purposes of additional analysis and are not required parts of the basic financial statements. The combining and individual fund statements and schedules have been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, in our opinion, based on our audit and the reports of the other auditors, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

In accordance with *Government Auditing Standards*, we will also issue our report on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters at a future date. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Debbie Davenport
Auditor General

December 20, 2010

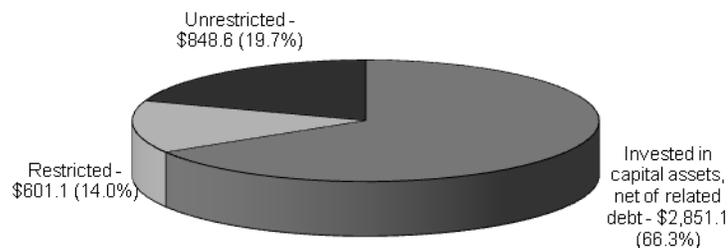

Management's Discussion and Analysis

This discussion and analysis is intended to be an easily readable analysis of Maricopa County's (County) financial activities based on currently known facts, decisions or conditions. This analysis focuses on current year activities and should be read in conjunction with the Transmittal Letter that begins on page vii and with the County's basic financial statements following this section.

Financial Highlights

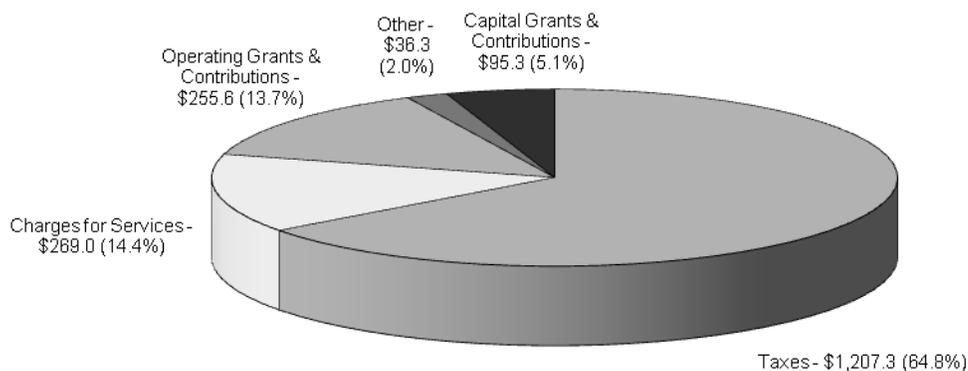

- The total assets of the County exceeded its liabilities at the close of the fiscal year by \$4,300.8 million (net assets), an increase of 6.3 percent from the prior year. Of this amount, \$848.6 million (unrestricted net assets) may be used to meet the County's ongoing obligations to citizens and creditors.

**Composition of Net Assets
(in millions)**

- The County's total net assets as reported in the Statement of Activities increased by \$272.5 million from the prior year. The County's primary sources of revenue are from taxes, charges for services, and grants and contributions.

**Revenue Sources
(in millions)**

- The County's governmental funds reported combined fund balances of \$1,517.7 million, an increase in fund balance of \$93.0 million over the prior fiscal year. Approximately 97.3 percent of the combined fund balances or \$1,477.8 million is unreserved and available to meet the County's current and future needs.

Management's Discussion and Analysis (Continued)

- Unreserved fund balance for the General Fund increased by 19.3 percent to \$489.0 million; approximately 63.7 percent of total General Fund expenditures. In accordance with Arizona Revised Statutes (A.R.S.), this entire amount is budgeted to be spent in the next fiscal year. A.R.S. §42-17151 requires that total estimated sources of revenue must equal the total estimated expenditures in the budget for the current fiscal year. In addition, A.R.S. §42-17102 stipulates that the estimated expenditures may include an amount for unanticipated contingencies or emergencies.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements consist of three components: 1) Government-wide financial statements, 2) Fund financial statements, and 3) Notes to the basic financial statements. Required Supplementary Information is included in addition to the basic financial statements. The Combining and Individual Fund Statements and Schedules – Nonmajor Funds begin on page 90.

Government-wide Financial Statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to private-sector businesses.

- The *Statement of Net Assets* presents information on all County assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.
- The *Statement of Activities* presents information showing how net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government; public safety; highways and streets; health, welfare and sanitation; culture and recreation; education; and interest on long-term debt. The County has no business-type activities.

Component units are legally separate entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are in substance part of the County's operations. Therefore, data from these units is combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the County. The Maricopa County Flood Control District, Maricopa County Library District, Maricopa County Public Finance Corporation, Maricopa County Special Assessment Districts, Maricopa County Stadium District, and the Maricopa County Street Lighting Districts are reported as blended component units. The Housing Authority of Maricopa County is reported as a discretely presented component unit.

The Government-wide financial statements can be found on pages 19-21 of this report.

Fund Financial Statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Management's Discussion and Analysis (Continued)

- **Governmental funds** are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a county's near-term financing requirements. Governmental funds include the general, special revenue, debt service, and capital projects funds.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds Balance Sheet and the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County reports four major governmental funds. Information is presented separately in the governmental funds Balance Sheet and in the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, Detention Operations Fund, County Improvement Debt Fund, and General Fund County Improvements Fund.

Data from the other governmental funds (nonmajor) are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements*, which begin on page 90 of this report.

The governmental funds financial statements can be found on pages 22-26 of this report.

- **Proprietary funds** are used to account for the County's internal service funds. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for its equipment services, telecommunications, reprographics, risk management, employee benefits trust, and sheriff warehouse functions. Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

The County's internal service funds are combined into a single, aggregated presentation in the proprietary funds financial statements. Individual fund data for the internal service funds is provided in the form of combining statements, which begin on page 230 of this report.

The proprietary fund financial statements can be found on pages 28-30 of this report.

- **Fiduciary funds** are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The fiduciary funds financial statements can be found on pages 32-33 of this report.

Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 37-70 of this report.

Required Supplementary Information is presented concerning the County's General Fund and Detention Operations Fund. A budgetary comparison schedule has been provided for both of these funds to demonstrate compliance with budget and additional information is provided by the Note to Budgetary Comparison Schedules. Also presented is the schedule of funding progress for the County's two agent

Management's Discussion and Analysis (Continued)

retirement plans and infrastructure assets reported using the modified approach. Required supplementary information can be found on pages 73-79 of this report.

Government-wide Financial Analysis

Net Assets

Net assets may serve over time as a useful indicator of a government's financial position. The following table reflects the condensed Statement of Net Assets of the County for June 30, 2010, as compared to the prior year.

	Governmental Activities		% Chg P/Y
	2010	2009*	
Current and other assets	\$ 1,810.5	\$ 1,713.5	5.7%
Capital assets	3,021.3	2,869.0	5.3
Total assets	<u>4,831.8</u>	<u>4,582.5</u>	5.4
Current liabilities	189.5	180.1	5.2
Long-term liabilities	341.5	374.1	(8.7)
Total liabilities	<u>531.0</u>	<u>554.2</u>	(4.2)
Net assets			
Invested in capital assets, net of related debt	2,851.1	2,686.7	6.1
Restricted	601.1	565.2	6.4
Unrestricted	848.6	776.4	9.3
Total net assets	<u>\$ 4,300.8</u>	<u>\$ 4,028.3</u>	6.8

* Net assets and capital assets amounts for fiscal year 2009 were restated for various capital asset adjustments related to the prior period. See Note 3 – Beginning Balances Restated for additional information.

By far, the largest portion - \$2.9 billion or 66.3 percent - of the County's net assets reflects the investment in capital assets (e.g., land, buildings and improvements, machinery and equipment, infrastructure and construction in progress), less accumulated depreciation and any related debt used to acquire those assets that is still outstanding. Net assets invested in capital assets increased by \$164.4 million due to an increase in net capital assets of \$152.4 million and a decrease in capital related debt, net of unspent proceeds, of \$12.0 million. The change in capital related debt, net of proceeds, included a decrease in capital related debt of \$49.3 million and a decrease in unspent proceeds of \$37.3 million. The decrease in capital related debt was mainly a result of the early payment of several capital lease agreements totaling \$24.7 million as well as the payment of regularly scheduled debt payments. The decrease in unspent proceeds is a result of capital spending on projects funded by the Lease Revenue Bond, Series 2007A. The large increase in capital assets is mainly attributed to an increase in construction in progress, land, and infrastructure of \$123.6, \$50.5 and \$41.1 million, respectively. These increases were offset by an increase in accumulated depreciation for buildings, equipment and infrastructure of \$53.2 million. The increase in construction in progress is primarily due to the Criminal Court Tower Project, for which the County expended \$93.1 million during fiscal year 2010. The increase in land and infrastructure is due to an increase in Transportation infrastructure-related land and infrastructure assets of \$47.3 and \$41.2 million, respectively.

The County uses capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Management's Discussion and Analysis (Continued)

The second component of the County's total net assets, \$601.1 million or approximately 14.0 percent, represents resources that are subject to external restrictions on how they may be used. This component increased by \$35.9 million from the prior year.

The final component consists of unrestricted net assets, \$848.6 million or 19.7 percent, and may be used to meet the County's ongoing obligations. Unrestricted net assets increased from fiscal year 2009 by \$72.2 million.

Both the increases in the restricted and unrestricted net assets can be attributed to revenues exceeding expenses for the fiscal year. Although the economic environment is still in a decline, with less revenue collected than the prior year, the County was able to ensure that expenses did not exceed revenues by employing a conservative approach to forecasting and budgeting. The County minimized the negative impact of the economy by utilizing budget balancing tactics, while still providing the citizens with mandated services.

Changes in Net Assets

As discussed previously, the County's total net assets of \$4.3 billion increased by \$272.5 million as reported in the Statement of Activities. The following table reflects the condensed Statement of Activities of the County for the fiscal year 2010 compared to the prior year and indicates the changes in net assets for governmental activities:

	Governmental Activities		% Chg P/Y
	2010	2009*	
Revenues:			
Program revenues:			
Charges for services	\$ 269.0	\$ 287.8	(6.5)%
Operating grants and contributions	255.6	229.0	11.6
Capital grants and contributions	95.3	124.2	(23.3)
General revenues:			
Taxes	1,207.3	1,219.8	(1.0)
Other	36.3	52.4	(30.7)
Total Revenues	<u>1,863.5</u>	<u>1,913.2</u>	(2.6)
Expenses:			
General government	235.2	174.7	34.7
Public safety	888.9	984.6	(9.7)
Highways and streets	83.2	90.3	(7.8)
Health, welfare and sanitation	331.3	403.8	(17.9)
Other**	52.3	59.8	(12.7)
Total Expenses	<u>1,590.9</u>	<u>1,713.2</u>	(7.1)
Change in net assets	272.5	200.0	36.3
Net assets – beginning, as restated	<u>4,028.3</u>	<u>3,828.3</u>	5.2
Net assets – ending	<u>\$4,300.8</u>	<u>\$4,028.3</u>	6.8

* Net assets for fiscal year 2009 were adjusted by (\$17.5) million for various capital asset adjustments related to the prior period. See Note 3 – Beginning Balances Restated for additional information.

** The functions of culture and recreation, and education along with interest on long-term debt are shown in the condensed Statement of Activities above as other expenses.

One of the main differences a reader will see between the governmental funds reported in the fund financial statements and the Statement of Activities is that governmental funds in the fund financial statements report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is reported as a capital asset and the expense of those assets is allocated over their estimated useful lives and reported as depreciation expense. Capital outlay expenditures exceeded depreciation expense in the current period by \$119.9 million. This increase is offset by disposals and other miscellaneous capital asset transactions, such as donations, totaling \$32.8 million.

Management's Discussion and Analysis (Continued)

In the government-wide Statement of Activities, the significant revenues reported included taxes (County-levied, general sales, and vehicle license taxes), charges for services, and operating grants, which represent 64.8, 14.4 and 13.7 percent, respectively, of total governmental activities revenues for fiscal year 2010. Tax revenues in total decreased by \$12.5 million from the prior year. All tax revenues, with the exception of property taxes, decreased from the prior year, which is a result of the economic environment. In fiscal year 2010, property tax revenue continued to increase from the prior year even with the continued decline in housing values as there is a lag period between the actual decline in market value and when that decline is recognized for the assessed valuation used for the property tax rate and levy. The increase in property taxes of \$36.2 million in fiscal year 2010 was offset by decreases in sales taxes, other County-levied taxes, and vehicle license taxes of \$28.6, \$10.4, and \$9.6 million, respectively. Although tax revenues continued to decline in fiscal year 2010, the decline appears to be slowing down with a total decrease in the decline of \$50.6 million from fiscal year 2009. Charges for services revenue decreased \$18.8 million from the prior year primarily from a decrease in intergovernmental charges for services related to a decrease in jail per diem revenues of \$4.6 million and Air Quality Fees revenue of \$5.8 million. The decrease in jail per diem can be attributed to a decrease in bookings and inmate housing days in the County detention facilities. Air Quality fees revenue decreased due to economic construction slowdown. Operating grants revenue increased \$26.6 million from the prior year primarily from an increase in federal grant monies from the American Recovery and Reinvestment Act.

Tax and other operating revenues provide the principal support for the functions of the County, which include general government; public safety; highways and streets; health, welfare and sanitation; culture and recreation; and education. Total expenses decreased \$122.3 million or 7.1 percent from the prior fiscal year. The most significant fluctuations were in the general government, public safety; and health, welfare and sanitation functions, with net changes of \$60.6, (\$95.8), and (\$72.4) million, respectively. The increase in general government is primarily attributed to the following: \$9.1 million in additional grant expenses as a result of funding received from the American Recovery and Reinvestment Act, \$18.6 million due to an increase in incurred but not reported claims estimated in the Risk Management Fund for estimated claim payouts, and \$19.0 million in mandated payments to the State of Arizona General Fund. The decrease in public safety expenses is partially due to the payment in fiscal year 2009 to the State Budget Neutrality Compliance Fund payment of \$24.2 million, which was not paid in fiscal year 2010. In addition, expenses in the Planning and Development Fees Fund decreased from the prior year by \$4.7 million due to the decrease in demand for their services due to the economy. The remaining decrease was primarily due to planned budgeted reductions in personnel and other costs in response to the economy. The decrease in health, welfare, and sanitation expenses is due to a decrease in ALTCS and AHCCCS contributions of \$78.1 million from a reduction of planned contributions from the prior year of \$42.0 million and a refund of contributions of \$36.1 million, which are both a result of the fiscal year 2008-09 Federal Medical Assistance Percentages (FMAP) stimulus monies.

Financial Analysis of the County's Funds

As noted earlier, the County uses *fund accounting* to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. Governmental activities are contained in the general, special revenue, debt service, and capital projects funds. The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

Management's Discussion and Analysis (Continued)

As of June 30, 2010, the governmental funds reported combined fund balances of \$1,517.7 million and an increase in fund balance of \$93.0 million over the prior fiscal year. Approximately 97.0 percent of the combined fund balances or \$1,477.8 million is available to meet the County's current and future needs (unreserved fund balance). The remaining fund balance is reserved for inventories, intergovernmental loans, advances and debt service.

The following funds are the County's major governmental funds:

General Fund

The General Fund is the County's primary operating fund. At the end of the current fiscal year, unreserved fund balance of the General Fund was \$489.0 million, while total fund balance was \$509.5 million. This represents an increase in the unreserved fund balance from the prior year of \$79.0 million, or 19.3 percent. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to the total fund expenditures. Unreserved fund balance represents 63.7 percent of the total fiscal year 2010 General Fund expenditures, while total fund balance represents 66.4 percent of that same amount. These ratios indicate a strong fund balance position in comparison to expenditures.

During fiscal year 2010, the General Fund experienced a total increase in fund balance of \$78.6 million, which is due to revenues exceeding expenditures. While revenues decreased \$1.8 million from the prior fiscal year, expenditures decreased significantly with a total decrease of \$112.8 million, resulting in a net increase in fund balance for the General Fund. Although total revenues decreased by only \$1.8 million, tax revenues increased \$40.1 million, but were offset by a decrease in intergovernmental revenues of \$35.7 million. The increase in taxes is from property tax revenue, which has continued to increase even in the declining economic environment due to the lag period between the actual decline in market value and when that decline is recognized for the assessed valuation used for the property tax rate and levy. Intergovernmental revenue reported in the General Fund is primarily comprised of state shared sales tax and vehicle license tax, which due to the economy, have continued to decline over the past several fiscal years and decreased \$28.6 and \$9.6 million, respectively, from the prior fiscal year. As stated above, the increase in fund balance can be attributed to a decrease in expenditures of \$112.8 million. This decline is primarily a result of a decrease in ALTCS and AHCCCS contributions of \$78.1 million as a result of FMAP stimulus monies (see page 8). The remaining decreases in the General Fund are a result of planned budgeted expenditure decreases as part of budget balancing initiatives.

Detention Operations Fund

The Detention Operations Fund is a special revenue fund that was established under the authority of propositions 400 and 401, which were passed in the General Election of November 3, 1998. These propositions authorized a temporary 1/5 of one-cent sales tax to be used for the construction and operation of adult and juvenile detention facilities. On November 5, 2002, the voters approved the extension of the 1/5 of one-cent sales tax in the General Election to be used for jail facility operations. The extension begins in the month following the expiration of the original tax and may continue for not more than twenty years after the date the tax collection begins.

The Detention Operations Fund accounts for the jail tax revenue along with transfers from the General Fund for maintenance of effort (MOE). The MOE transfer from the General Fund is used to support the jail detention operations. Arizona Revised Statutes require the County to calculate the maintenance of effort transfer on an annual basis. The Detention Operations Fund transfers monies to the Detention Capital Projects Fund for the construction of the jail facilities. At the end of the current fiscal year, total fund balance of the Detention Operations Fund was \$220.6 million, of which more than 99 percent is unreserved. This was an increase in total fund balance of \$29.9 million, or 15.6 percent, from the prior fiscal year. Although the fund had more expenditures than revenues by \$142.1 million, the increase in fund balance can be attributed to net transfers of \$172.1 million, which represented a net increase in transfers of \$3.0 million over the prior year. Transfers from the General Fund for maintenance of effort were \$174.2 million while transfers to the Detention Capital Projects Fund were \$2.1 million. The amount to be transferred to the Detention Capital Projects Fund for any given year is determined through the budget planning process.

Management's Discussion and Analysis (Continued)

County Improvement Debt Fund

The County Improvement Debt Fund is a debt service fund that accounts for the debt service on the Lease Revenue Bonds, Series 2001; the Lease Revenue Refunding Bonds, Series 2003; Lease Revenue Bonds, Series 2007A; Lease Revenue Refunding Bonds, Series 2007B; and other long-term obligations. At the end of the current fiscal year, unreserved fund balance of the County Improvement Debt Fund was \$1.7 million, while total fund balance was \$8.9 million, which is a decrease of \$6.9 million from the prior fiscal year. The decrease in fund balance is attributed to the continued payment of debt service obligations. As no new debt issuances occurred during the fiscal year, the primary activity in this fund is debt service payments.

General Fund County Improvements Fund

The General Fund County Improvements Fund is a capital projects fund that accounts for capital projects funded by transfers from the General Fund. Projects that are currently funded include justice, administrative and parks facilities. At the end of the current fiscal year, fund balance of the General Fund County Improvements Fund was \$387.5 million, all of which is unreserved. The fund balance in this fund decreased \$32.3 million from the prior fiscal year, which is attributed to an increase in capital outlay expenditures of \$35.9 million. The increase in capital outlay is a result of expenditures incurred for the Criminal Court Tower project of \$44.9 million in fiscal year 2010.

General Fund Budgetary Highlights

The difference between the original budget and the final amended budget for the General Fund resulted in an increase in revenues of \$4.9 million and an increase in expenditures of \$2.6 million. The increase in budgeted revenues and increase in budgeted expenditures was primarily a result of the County receiving additional funding from the State to accommodate the increased cost of early balloting and the special State sales tax election. A significant favorable expenditure variance, as compared to the budget, was incurred in the General Government Department (general government function) and Health Care Programs Department (health, welfare, and sanitation function) of \$159.2 million and \$85.9 million, respectively. These savings were a result of the General Government Department's less than anticipated spending from the contingency and reserve funds and the Health Care Program Department's reduction in contributions to and reimbursements from the Arizona Long Term Care System and the Arizona Health Care Cost Containment System. None of the variances between the budget and actual amounts were significant enough to affect the County's ability to provide future services.

Capital Assets and Long-Term Liabilities

Capital Assets

The County's capital assets balance as of June 30, 2010, was \$3.0 billion (net of accumulated depreciation). Capital assets include land, buildings and improvements, infrastructure, machinery and equipment, and construction in progress. The County reports infrastructure assets, which consist of the Flood Control District and Transportation Department infrastructure, in the government-wide financial statements in accordance with GASB Statement No. 34. Additional information regarding infrastructure assets can be found in the Notes to the Financial Statements (Note 1 – Summary of Significant Accounting Policies and Note 11 – Capital Assets).

The Flood Control District infrastructure assets consist of drainage systems, dams, flood channels and canals. Flood Control infrastructure is reported using the depreciation approach and the County uses the straight-line method of depreciation on these assets. At June 30, 2010, Flood Control District infrastructure-related assets consisted of land, infrastructure and construction in progress of \$243.5, \$235.3, and \$158.8 million, respectively, net of any related accumulated depreciation.

The Transportation Department infrastructure assets consist of a roadway system and a bridge system. Both systems are reported under the modified approach, which means the County will maintain the assets using an asset management system and will document that the infrastructure assets are being

Management's Discussion and Analysis (Continued)

preserved at the established condition level. During fiscal year 2010, the condition level of both systems was within the established condition level. Actual maintenance/preservation costs varied by \$6,578,462 and \$763,257 from the estimated costs for the roadway and bridge system, respectively. Roadway and Bridge System maintenance is predicated by the Federal clearance process, additionally, projects were met with environmental delays in fiscal year 2010. As a result preservation and maintenance projects were delayed for several months and funds will rollover to fiscal year 2011. See Required Supplementary Information on page 79 for additional information. At June 30, 2010, Transportation Department infrastructure-related assets consisted of land, infrastructure and construction in progress of \$292.9, \$666.4, and \$42.3 million, respectively.

Capital assets for governmental activities are presented below (in millions) to illustrate changes from the prior year:

	Governmental Activities		\$ Change	% Change
	2010	2009*		
Land	\$ 667.3	\$ 616.8	\$50.5	8.2%
Infrastructure	666.4	625.3	41.1	6.6
Buildings and improvements (net of accumulated depreciation)	1,084.1	1,121.8	(37.7)	(3.4)
Machinery and equipment (net of accumulated depreciation)	88.1	108.9	(20.8)	(19.1)
Construction in progress	352.7	229.1	123.6	54.0
Infrastructure (net of accumulated depreciation)	162.8	167.1	(4.3)	(2.6)
Totals	<u>\$ 3,021.4</u>	<u>\$ 2,869.0</u>	152.4	5.3

* The capital asset amounts for fiscal year 2009 were restated for various prior period corrections. See Note 3 – Beginning Balances Restated for additional information.

Capital assets, net of accumulated depreciation, increased by \$152.4 million, or 5.3 percent, from the prior year. The most significant impact on the increase in capital assets for the fiscal year ended June 30, 2010, was in the increase in infrastructure-related capital assets, which accounted for \$112.5 million of the total increase from the prior year. During fiscal year 2010, Transportation Department and Flood Control District infrastructure assets changed \$106.6 and \$6.0 million, respectively, from the prior year and accounted for changes in land, construction in progress, and non-depreciable infrastructure of \$48.2, \$22.6 and \$41.7 million, respectively. In addition, non-infrastructure-related construction in progress increased significantly due to the Criminal Court Tower Project, which had expenditures of \$93.1 million during fiscal year 2010. The decreases noted in buildings and improvements and machinery and equipment are due to annual depreciation expense charged to those asset categories.

Long-Term Liabilities

Maricopa County has the following bond ratings:

<u>Debt Instrument & Rating Agency</u>	<u>Rating</u>	<u>Date Awarded</u>
<i>General Obligation Bonds (implied or issuer credit rating)</i>		
Fitch Ratings	AAA	April 2007
Standard & Poor's	AAA	August 2007
Moody's Investor Services	Aa1	April 2009
<i>Lease Revenue Bonds</i>		
Fitch Ratings	AA+	April 2007
Standard & Poor's	AA+	April 2007
Moody's Investor Services	Aa2	April 2009
<i>Certificates of Participation</i>		
Fitch Ratings	AA+	April 2007
Moody's Investor Services	Aa3	April 2009

Management's Discussion and Analysis (Continued)

At June 30, 2010, the County had total long-term liabilities (noncurrent liabilities due within one year and more than one year) outstanding of \$341.5 million, which represents a \$32.6 million decrease from the prior year balance of \$374.1 million. The majority of the \$32.6 million decrease is attributable to a net increase of debt service payments made during fiscal year 2010 for lease revenue bonds (\$10.6 million), Stadium District revenue bonds (\$3.3 million), capital leases (\$36.1 million), and reported and incurred but not reported claims of \$25.0 million. The largest components of long-term liabilities at June 30, 2010, consisted of lease revenue bonds - \$153.3 million, Stadium District revenue bonds - \$37.9 million, capital leases - \$15 million, and reported claims and incurred but not reported claims - \$98.9 million.

Lease revenue bonds applicable to governmental activities are paid from the County Improvement Debt Fund (debt service fund) which is funded by transfers from the General Fund and is predominately unrestricted. At June 30, 2010, the fund balance in the County Improvement Debt Fund to pay future liabilities was \$8.9 million.

Stadium District revenue bonds are special obligations of the District. The bonds are payable solely from pledged revenues, consisting of car rental surcharges levied and collected by the Stadium District pursuant to A.R.S. §48-4234. On June 5, 2002, the Stadium District issued revenue refunding bonds in the amount of \$58,225,000 (par value) of which \$37,905,000 remains outstanding.

Capital leases applicable to governmental activities of \$15.0 million have been entered into for various lease-purchase agreements, which are callable at par plus accrued interest. The decrease of \$36.2 million from the prior year is primarily related to the early payoff of various capital leases.

Reported and incurred but not reported claims applicable to governmental activities of \$98.9 million are reported in the Risk Management and Employee Benefits Trust funds (internal service funds). This is an increase of \$25 million from the prior year primarily related to actuarial estimates for the County's self-insured portion of future claims for general litigation related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; natural disasters; and certain health benefits that are paid through the operations of the funds. Additional information regarding long-term liabilities can be found in the Notes to Financial Statements (Note 13 – Long-Term Liabilities and Note 17 – Risk Management).

Economic Factors and Next Year's Budget and Rates

- Although the recession has ended, it will take Arizona three to four years to return to pre-recession levels of economic activity and four to five years to once again be among the national leaders in growth (<http://knowledge.wpcarey.asu.edu>).
- The population in Maricopa County continues to grow, even though Arizona's economy has faltered. The Arizona Department of Commerce reports that Maricopa County's population increased by 0.9 percent from fiscal year 2008 to 2009 (www.azcommerce.com). The unemployment rate in Maricopa County, according to Arizona Workforce, in October 2010 was 8.5 percent, which remains below both the state average of 9.5 percent and national average of 9.6 percent (www.workforce.az.gov).
- As reported by the Arizona Department of Commerce, Maricopa County's population increased 31.0 percent from July 1, 2000 to July 1, 2009, which is higher than the United States' overall population increase of 8.8 percent for the same time period (www.azcommerce.com).

As part of the annual budget planning process, the County's Office of Management and Budget developed a financial forecast to assist in both short and long range financial planning. This forecast provides a conservative estimate of the County's fiscal condition through the next five years given a realistic economic forecast, current County policies and existing laws. The forecast was instrumental in the determination of the fiscal year 2011 budget and tax rate, which took into account several significant trends:

- Assessed property tax values are estimated to decline by almost \$15 billion by fiscal year 2013.

Management's Discussion and Analysis (Continued)

- State Shared Sales Tax, Vehicle License Tax, Highway User Revenues and County Jail Excise Tax revenues begin to increase or are at least expected to remain flat in fiscal year 2010-11 after three years of decline. However, annual collections generally do not regain the peak levels of 2004-2006 until after fiscal year 2015.
- Staggering State budget deficits continue to pose a significant risk to Maricopa County's fiscal stability. The forecast assumes continuation of the \$28.6 million fiscal year 2011 mandated contribution to the State, along with sizable increases in mandated healthcare contributions, in particular for the ALTCS program.

At the end of the fiscal year, unreserved fund balance for the General Fund was \$489.0 million, or 63.7 percent of total General Fund expenditures. Unreserved fund balance increased by 19.3 percent from the prior year. This is due to actual revenues in excess of actual expenditures. In accordance with Arizona Revised Statutes (A.R.S.), the entire amount will be budgeted in the next fiscal year. A.R.S. §42-17151 requires that total estimated sources of revenue must equal the total estimated expenditures in the budget for the current fiscal year. The estimated expenditures may include an amount for unanticipated contingencies or emergencies, per A.R.S. §42-17102.

Request for Information

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the money it receives. If you have any questions about this report or need additional financial information, please contact Maricopa County Department of Finance, 301 W. Jefferson, Suite 960, Phoenix, AZ 85003, or at www.maricopa.gov.

Definitions of Government-wide Financial Statements and Listing of Major Funds

Government-wide Financial Statements

The **Statement of Net Assets** presents information on all of Maricopa County's assets and liabilities, with the difference between the two reported as net assets.

The **Statement of Activities** presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

Major Funds

General Fund – is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Special Revenue Funds

Detention Operations Fund – was established under the authority of propositions 400 and 401, which were passed in the General Election of November 3, 1998. These propositions authorized a temporary 1/5 of one-cent sales tax to be used for the construction and operation of adult and juvenile detention facilities. On November 5, 2002, the voters approved the extension of the 1/5 of one-cent sales tax in the General Election to be used for jail facility operations. The extension begins in the month following the expiration of the original tax and may continue for not more than twenty years after the date the tax collection begins. The Detention Operations Fund accounts for the receipt of tax revenue, jail operations expenditures, and transfers to the Detention Capital Projects Fund for construction of the adult and juvenile detention facilities.

Debt Service Funds

County Improvement Debt Fund – accounts for the debt service on the Lease Revenue Bonds, Series 2001; the Lease Revenue Refunding Bonds, Series 2003; Lease Revenue Bonds, Series 2007A; Lease Revenue Refunding Bonds, Series 2007B; and other long-term obligations.

Capital Projects Funds

General Fund County Improvements Fund – was established to fund current and future capital projects. Fund assets may be used to pay directly for capital projects or may be appropriated by the Board of Supervisors for debt service. None of the funds has been pledged for debt service, and fund assets may be transferred by the Board of Supervisors at any time for any other County purpose.

Amounts reported for governmental activities in the Statement of Net Assets are different because:

Capital assets used in governmental activities are not financial resources and therefore, are not reported in the funds.

Some receivables are not available to pay for current period expenditures and therefore, are deferred in the funds.

Internal service funds are used by management to charge the costs of equipment services, telecommunications, reprographics, risk management, employee benefits, and the sheriff warehouse to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Assets.

Some long-term liabilities and compensated absences are not due and payable shortly after June 30, 2010, and therefore, are not reported in the funds.

Net assets of governmental activities

Maricopa County
Reconciliation of the Statement of Revenues, Expenditures,
and Changes in Fund Balances of Governmental Funds to the
Statement of Activities

For the Fiscal Year Ended June 30, 2010

Net change in fund balances – total governmental funds (page 25)	\$ 93,780,758
--	---------------

Amounts reported for governmental activities in the Statement of Activities on pages 20 – 21 are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	119,865,061
--	-------------

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to increase net assets.	32,802,275
--	------------

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.	1,626,296
--	-----------

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	52,503,497
---	------------

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds.	(1,074,159)
--	-------------

Internal service funds are used by management to charge the costs of equipment services, telecommunications, reprographics, risk management, employee benefits, and the sheriff warehouse to individual funds. The net revenue of internal service funds is reported with governmental activities.	(26,970,749)
--	--------------

Change in net assets of governmental activities (page 21)	<u>\$ 272,532,979</u>
---	-----------------------

The notes to the financial statements are an integral part of this statement.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Maricopa County conform to U.S. generally accepted accounting principles applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB).

For the year ended June 30, 2010, the County implemented the provisions of GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*, which establishes accounting and financial reporting requirements for intangible assets. The implementation of this requirement did not have a significant impact on the County, had no effect on reported amounts or footnote disclosures, and did not require retroactive reporting. Also, the County implemented the provisions of GASB Statement No. 53 *Accounting and Financial Reporting for Derivative Instruments*, which establishes standards for accounting and financial reporting for derivative instruments. However, this reporting requirement did not affect the County's financial statements since the County does not enter into derivative instruments.

A. Reporting Entity

Maricopa County is a general purpose local government governed by a separately elected board of five county supervisors. The accompanying financial statements present the activities of the County (the primary government) and its component units.

Component units are legally separate entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are in substance part of the County's operations. Therefore, data from these units is combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the County. Each blended and discretely presented component unit discussed below has a June 30 year-end.

The reporting entity is comprised of the primary government, Maricopa County Flood Control District, Maricopa County Library District, Maricopa County Public Finance Corporation, Maricopa County Special Assessment Districts, Maricopa County Stadium District, Maricopa County Street Lighting Districts, and Housing Authority of Maricopa County.

The blended component units are as follows:

Maricopa County Flood Control District

The Maricopa County Flood Control District is a legally separate, tax-levying entity pursuant to A.R.S. §48-3602 that provides flood control facilities and regulates floodplains and drainage to prevent flooding of property in Maricopa County. As the Maricopa County Board of Supervisors serves as the Board of Directors of the Flood Control District, it is able to significantly influence the programs, projects, activities, or level of services provided by the District; therefore, the District is considered a blended component unit of the County.

Maricopa County Library District

The Maricopa County Library District is a legally separate, tax-levying entity pursuant to A.R.S. §48-3901 that provides and maintains library services for the residents of Maricopa County. As the Maricopa County Board of Supervisors serves as the Board of Directors of the Library District, it is able to significantly influence the programs, projects, activities, or level of services provided by the District; therefore, the District is considered a blended component unit of the County.

Notes to the Financial Statements

(Continued)

Maricopa County Public Finance Corporation

Maricopa County Public Finance Corporation is a nonprofit corporation created by the Maricopa County Board of Supervisors that exists primarily to assist the County in the acquisition, construction, and improvement of County facilities, including real property and personal property. The Board of Directors of the Public Finance Corporation is subject to the approval of the County Board of Supervisors and the corporation exists primarily for the benefit of the County; therefore, the Corporation is considered a blended component unit of the County. The Corporation has issued lease revenue bonds and certificates of participation between Maricopa County and the Corporation. Since this debt is in substance the County's obligation, these liabilities and resulting assets are reported on the County's financial statements.

Maricopa County Special Assessment Districts

The Special Assessment Districts are legally separate entities that provide improvements to various properties within the County. As the Maricopa County Board of Supervisors serves as the Board of Directors of the Maricopa County Special Assessment Districts, it is able to significantly influence the activities or level of services provided by the Districts; therefore, the Districts are considered a blended component unit of the County.

Maricopa County Stadium District

The Maricopa County Stadium District is a legally separate entity pursuant to A.R.S. §48-4202 that provides regional leadership and fiscal resources to assure the presence of Major League Baseball in Maricopa County. As the Maricopa County Board of Supervisors serves as the Board of Directors of the Stadium District, it is able to significantly influence the programs, projects, activities, or level of services provided by the District; therefore, the District is considered a blended component unit of the County. Complete financial statements for the Maricopa County Stadium District may be obtained at the entity's administrative office listed below:

Maricopa County Stadium District
401 East Jefferson
Phoenix, Arizona 85004
www.maricopa.gov/stadiumdistrict

Maricopa County Street Lighting Districts

The Street Lighting Districts are legally separate entities that provide street lighting in areas of the County that are not under local city jurisdictions. As the Maricopa County Board of Supervisors serves as the Board of Directors of the Maricopa County Street Lighting Districts, the Districts are considered a blended component unit of the County.

The discretely presented component unit is as follows:

Housing Authority of Maricopa County

The Housing Authority is a legally separate entity pursuant to A.R.S. §36-1404 that provides efficient and affordable rental housing to low-income households of Maricopa County. Each member of the Maricopa County Board of Supervisors appoints one member to the Board of Commissioners while the sixth member shall be based on the recommendation of the County Manager and the seventh member shall be appointed by a majority vote of the Maricopa County Board of Supervisors. The County does not have the ability to impose its will on the Housing Authority. The Housing Authority is a discretely presented component unit, as the Maricopa County Board of Supervisors may dissolve the Authority at any time at the sole discretion of the County and, therefore, a financial benefit or burden exists. Complete financial statements for the Housing Authority of Maricopa County may be obtained at the entity's administrative office listed below:

Housing Authority of Maricopa County
2024 North Seventh Street, Suite 201
Phoenix, Arizona 85006

(Continued)

Related Organization

The Industrial Development Authority of Maricopa County (Authority) is a legally separate entity that was created to assist in the financing of commercial and industrial enterprises; safe, sanitary, and affordable housing; and healthcare facilities. The Authority fulfills its function through the issuance of tax exempt or taxable revenue bonds. The County Board of Supervisors appoints the Authority's Board of Directors. The Authority's operations are completely separate from the County and the County is not financially accountable for the Authority. Therefore, the financial activities of the Authority have not been included in the accompanying financial statements.

B. Basis of Presentation

The basic financial statements include both government-wide statements and fund financial statements. The government-wide statements focus on the County as a whole, while the fund financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the usefulness of the information.

Government-wide financial statements – provide information about the primary government (the County) and its component units. The statements include a statement of net assets and a statement of activities. These statements report the financial activities of the overall government, except for fiduciary activities. They also distinguish between the governmental and business-type activities of the County and between the County and its discretely presented component units. Governmental activities generally are financed through taxes and intergovernmental revenues. Business-type activities are financed in whole or in part by fees charged to external parties. The County has no business-type activities.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The County allocates indirect expenses to programs or functions. Program revenues include:

- charges to customers or applicants for goods, services, or privileges provided,
- operating grants and contributions, and
- capital grants and contributions, including special assessments.

Revenues that are not classified as program revenues, including internally dedicated resources, unrestricted grant revenues, and all County levied taxes or taxes not levied by the County that are not restricted to a specific program, are reported as general revenues.

Generally, the effect of interfund activity has been eliminated from the government-wide financial statements to minimize the double counting of internal activities. However, charges for interfund services provided and used are not eliminated if doing so would distort the direct costs and program revenues reported by the departments concerned.

Fund financial statements – provide information about the County's funds, including fiduciary funds and blended component units. Separate statements are presented for the governmental, proprietary, and fiduciary fund categories. The emphasis of fund financial statements is on major governmental fund, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds. Internal service and fiduciary funds are aggregated and reported by fund type. The County has no enterprise funds.

Proprietary fund revenues and expenses are classified as either operating or nonoperating. Operating revenues and expenses generally result from transactions associated with the fund's

Notes to the Financial Statements

(Continued)

principal activity. Accordingly, revenues, such as user charges, in which each party receives and gives up essentially equal values, are reported as operating revenues. Nonoperating revenues, such as investment income, result from transactions in which the parties do not exchange equal values. Operating expenses include the cost of services, administrative expenses, and depreciation on capital assets. Other expenses, such as interest expense, are considered to be nonoperating expenses.

The County reports the following major governmental funds:

The General Fund – is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Detention Operations Fund – was established under the authority of propositions 400 and 401, which were passed in the General Election of November 3, 1998. These propositions authorized a temporary 1/5 of one-cent sales tax to be used for the construction and operation of adult and juvenile detention facilities. On November 5, 2002, the voters approved the extension of the 1/5 of one-cent sales tax in the General Election. The extension begins in the month following the expiration of the original tax and may continue for not more than twenty years after the date the tax collection begins. The Detention Operations Fund accounts for the jail tax revenue and transfers from the General Fund for maintenance of effort and jail operations expenditures. The Detention Operations Fund transfers monies to the Detention Capital Projects Fund for the construction of the jail facilities. The amount to be transferred to the Detention Capital Projects Fund for any given year is determined through the budget planning process.

The County Improvement Debt Fund – accounts for the debt service on the Lease Revenue Bonds, Series 2001; the Lease Revenue Refunding Bonds, Series 2003; Lease Revenue Bonds, Series 2007A; Lease Revenue Refunding Bonds, Series 2007B; and other long-term obligations.

The General Fund County Improvements Fund – was established to fund current and future capital projects. Fund assets may be used to pay directly for capital projects or may be appropriated by the Board of Supervisors for debt service. None of the funds has been pledged for debt service, and fund assets may be transferred by the Board of Supervisors at any time for any other County purpose.

The County also reports the following fund types:

The internal service funds – account for automotive maintenance and service, telecommunications services, printing and duplicating services, insurance services, self-insured employee benefits, and warehouse services provided to County departments or to other governments on a cost reimbursement basis.

The investment trust fund – accounts for pooled assets held and invested by the County Treasurer on behalf of other governmental entities.

The agency fund – accounts for assets held by the County as an agent for other governments and individuals.

C. Basis of Accounting

The government-wide, proprietary fund, and fiduciary fund financial statements are presented using the economic resources measurement focus, with exception of the agency fund, and the accrual basis of accounting. The agency fund is custodial in nature and does not have a measurement focus. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Grants and donations are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Notes to the Financial Statements

(Continued)

Governmental funds in the fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when they become both measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within 60 days after year-end. The County's major revenue sources that are susceptible to accrual are property taxes, intergovernmental, charges for services, and investment earnings. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they are due and payable. General capital asset acquisitions are reported as expenditures in governmental funds. Loan proceeds and acquisitions under capital lease agreements are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of grants and general revenues. Therefore, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. The County applies grant resources to such programs before using general revenues.

The County's internal service funds and the discretely presented component unit follow FASB Statements and Interpretations issued on or before November 30, 1989; Accounting Principles Board Opinions; and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements. The Housing Authority, the discretely presented component unit, has also chosen to follow FASB Statements and Interpretations issued after November 30, 1989, except for those that conflict with GASB pronouncements.

D. Cash and Investments

For purposes of its statements of cash flows, the County considers only those highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Nonparticipating interest-earning investment contracts are stated at cost. Money market investments and participating interest-earning investment contracts with a remaining maturity of one year or less at time of purchase are stated at amortized cost. All other investments are stated at fair value.

E. Inventories

The County accounts for its inventories in the governmental funds using the purchase method. Inventories of the governmental funds consist of expendable supplies held for consumption and are recorded as expenditures at the time of purchase. Amounts on hand at year-end are shown on the balance sheet as an asset for informational purposes only and are offset by a fund balance reserve to indicate that they do not constitute "available spendable resources." These inventories are stated at weighted-average cost.

Inventories of government-wide and the internal service funds financial statements are recorded as assets when purchased and expensed when consumed. The amounts shown on the statement of net assets for government-wide and the internal service funds are valued at cost using first-in, first-out and the moving average method, respectively.

F. Property Tax Calendar

The County levies real property taxes and commercial personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May.

Notes to the Financial Statements

(Continued)

During the year, the County also levies mobile home personal property taxes that are due the second Monday of the month following receipt of the tax notice and become delinquent 30 days later.

A lien assessed against real and personal property attaches on the first day of January preceding assessment and levy.

G. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the government-wide statements and the proprietary funds. Capital assets are defined as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Property, plant, and equipment of the primary government and the discretely presented component unit are depreciated using the straight-line method over the following estimated useful lives:

Type of Assets	Estimated Useful Life (In Years)	
	Primary Government	Discretely Presented Component Unit
Buildings and improvements	20 - 50	20 - 30
Infrastructure	25 - 50	N/A
Autos and trucks	3 - 10	7
Other equipment	3 - 20	5 - 7

All infrastructure assets are reported on the government-wide financial statements. Infrastructure maintained by the County Department of Transportation consists of roadways, bridges and related assets. These assets are not depreciated as they are reported using the modified approach. Under the modified approach, the County's roadway and bridge systems are being preserved at a specified condition level established by the County. For information on the modified approach, see Required Supplementary Information – Modified Approach for Infrastructure Assets. The Flood Control District accounts for the County's remaining infrastructure assets consisting of drainage systems, dams, flood channels and canals.

For the Department of Transportation's infrastructure assets owned prior to fiscal year 2002, the County estimated their historical cost. The fair market value for right-of-way assets was estimated based on current regional land acquisitions and deflated by the trended growth rate, as determined by the County assessed valuation from the State of Arizona Department of Revenue Abstract of the Assessment Roll for vacant land, agriculture and government property not including legally exempt land. The fair market value for roadway system assets was estimated based on current construction costs and deflated using the Price Trends for Federal-Aid Highway Construction, published by the U.S. Department of Transportation, Federal Highway Administration, Office of Program Administration and Office of Infrastructure.

Flood Control District infrastructure assets are accounted for using the straight-line depreciation method with a useful life between 25 and 50 years. For infrastructure assets owned prior to fiscal year 2002, the County used internal records, maintained by the department, to estimate Flood Control's historical cost for these assets.

H. Investment Income

Investment income is composed of interest, dividends, and net changes in the fair value of applicable investments.

Notes to the Financial Statements

(Continued)

I. Compensated Absences

Compensated absences consist of vacation leave and a calculated amount of sick leave earned by employees based on services already rendered. Employees may accumulate up to 240 hours of vacation leave, but any vacation hours in excess of the maximum amount that are unused at calendar year-end convert to sick leave. Upon termination of employment, all unused vacation benefits are paid to employees. Accordingly, vacation benefits are accrued as a liability in the financial statements.

Employees may accumulate an unlimited number of sick leave hours. Generally, sick leave benefits provide for ordinary sick pay and are cumulative but are forfeited upon termination of employment. Because sick leave benefits do not vest with employees, a liability for sick leave benefits is not accrued in the financial statements. However, upon retirement, County employees with accumulated sick leave in excess of 1,000 hours are entitled to a \$10,000 nontaxable investment in a Post Employment Health Plan (PEHP) established pursuant to Internal Revenue Code §501(c)(9). The obligations vested at June 30, 2010, under this policy are accrued as a liability.

Compensated absences are substantially paid within one year from fiscal year-end and, therefore, are reported as a current liability on the government-wide financial statements.

NOTE 2 – REPORTING CHANGES

Beginning in fiscal year 2010, the County established the Justice Courts Photo Enforcement Fee (nonmajor special revenue fund) and the Emancipation Administrative Costs (nonmajor special revenue fund) Funds. In addition, the Events Center Fund (nonmajor special revenue fund) was eliminated.

NOTE 3 – BEGINNING BALANCES RESTATED

On July 1, 2009, the County restated governmental activities capital asset balances by (\$17,532,316) for corrections of prior periods. These corrections were a result of assets that were omitted in prior periods of \$13,851,654, assets that should have been deleted in prior periods of (\$31,966,135), and assets that were incorrectly deleted in prior periods of \$582,165. The restatement was comprised of adjustments to land, infrastructure, construction in progress, buildings, and equipment of \$1,995,243, (\$20,472,311), (\$1,017,270), \$1,919,930, and \$42,092, net of accumulated depreciation, respectively.

Beginning net assets of governmental activities were adjusted for the above, as follows:

	<u>Governmental Activities</u>
Net assets reported as of June 30, 2009	\$ 4,045,843,314
Less: Capital asset corrections	<u>(17,532,316)</u>
Net assets as of July 1, 2009, as restated	<u>\$ 4,028,310,998</u>

On July 1, 2009, the County restated beginning net assets of the Investment Trust Fund for prior period corrections related to an overstatement of monies held in a fiduciary capacity. This overstatement was due to an error in the calculation of contributions from participants.

Beginning net assets of the Investment Trust Fund were adjusted for the above, as follows:

	<u>Investment Trust Fund</u>
Net assets reported as of June 30, 2009	\$ 2,228,832,006
Less: Prior period correction	<u>(26,085,915)</u>
Net assets as of July 1, 2009, as restated	<u>\$ 2,202,746,091</u>

Notes to the Financial Statements

(Continued)

NOTE 4 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Governmental Funds Balance Sheet includes the reconciliation between fund balances – total governmental funds and net assets – Governmental Activities as reported in the government-wide Statement of Net Assets. The details of this reconciliation follow:

Fund balances – total governmental funds \$ 1,517,744,321

Capital assets used in governmental activities are not financial resources and therefore, are not reported in the funds.

Land	667,294,295
Buildings and improvements	1,437,998,557
Machinery and equipment	273,718,456
Infrastructure	901,695,884
Construction in progress	352,659,181
Accumulated depreciation	(615,299,486)
Net governmental funds capital assets at June 30, 2010	<u>3,018,066,887</u>

Some receivables are not available to pay for current period expenditures and therefore, are deferred in the funds.

Deferred revenue for property taxes receivable at June 30, 2010	21,302,074
Deferred revenue for grant revenues receivable at June 30, 2010	6,786,937
	<u>28,089,011</u>

Internal service funds are used by management to charge the costs of equipment services, telecommunications, reprographics, risk management, employee benefits, and the sheriff warehouse to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Assets.

25,304,207

Some long-term liabilities and compensated absences are not due and payable shortly after June 30, 2010, and therefore, are not reported in the funds.

Noncurrent lease revenue bonds due in more than one year at June 30, 2010	(142,140,000)
Certificates of participation due in more than one year at June 30, 2010	(2,895,000)
Stadium District revenue bonds payable at June 30, 2010	(37,905,000)
Stadium District loan payable at June 30, 2010	(9,286,098)
Special assessment debt with governmental commitment payable at June 30, 2010	(157,629)
Deferred issuance cost at June 30, 2010	3,415,963
Bond premium unamortized at June 30, 2010	(4,521,377)
Governmental funds capital leases payable at June 30, 2010	(14,956,315)
Claims and judgments at June 30, 2010	(4,891,281)
Governmental funds compensated absences payable at June 30, 2010	(60,637,067)
Liability for closure and postclosure costs at June 30, 2010	(14,209,071)
Accrued interest payable at June 30, 2010	(177,574)
	<u>(288,360,449)</u>

Net assets of governmental activities

\$ 4,300,843,977

Notes to the Financial Statements

(Continued)

The governmental fund reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances is a reconciliation between net changes in fund balances – total governmental funds and changes in net assets of governmental activities as reported in the government-wide Statement of Activities. The details of this reconciliation follow:

Net change in fund balances – total governmental funds	\$ 93,780,758
--	---------------

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Governmental funds capital outlay	185,445,951
Government-wide depreciation expense for the year ended June 30, 2010	(66,462,999)
Add: Internal service funds depreciation expense for the year ended June 30, 2010	882,109
	<u>119,865,061</u>

The net effect of various miscellaneous transactions involving capital assets is to increase net assets.

Net value of disposed capital assets for the year ended June 30, 2010	(44,738,598)
Donations of capital assets	77,540,873
	<u>32,802,275</u>

Certain revenues and expenses in the Statement of Activities that do not provide or draw on current financial resources are not reported in the funds

Grant revenues earned during the year ended June 30, 2010	1,344,035
Property taxes earned during the year ended June 30, 2010	282,261
	<u>1,626,296</u>

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Principal payments on lease revenue bonds	11,145,000
Principal payments on Stadium District revenue bonds	3,260,000
Principal payments on Stadium District loan payable	1,179,241
Principal payments on special assessment debt with governmental commitment	19,149
Net decrease in bond premium	905,485
Principal payments on certificates of participation	490,000
Principal payments on capital leases	36,179,024
Net decrease in deferred issuance costs	(707,115)
Accrued interest payable on long-term debt	32,713
	<u>52,503,497</u>

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds.

Net increase in employee compensation payable	(3,061,658)
Decrease in reserve for inventories	(803,596)
Net decrease in claims and judgments	1,781,093
Net decrease in liability for closure and postclosure costs	3,143,602
Uncollectible receivable written off during the year ended June 30, 2010	(2,133,600)
	<u>(1,074,159)</u>

Internal service funds are used by management to charge the costs of equipment services, telecommunications, reprographics, risk management, employee benefits, and the sheriff warehouse to individual funds. The net revenue of internal service funds is reported with governmental activities.

Change in net assets of governmental activities	<u>\$ 272,532,979</u>

NOTE 5 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

At June 30, 2010, the following funds reported deficits in fund balances or net assets.

FUND	DEFICIT
Governmental Funds:	
Adult Probation Grants	\$ 181,632
Air Quality Grants	106,492
CDBG Housing Trust	280,955
County Attorney Grants	32,634
Emergency Management	32,144
Environmental Services Grants	247
Human Services Grants	294,662
Juvenile Probation Grants	126,375
Public Health	1,727,140
School Grants	33,475
Sheriff Grants	668,500
Solid Waste Grants	65,028
Transportation Grants	27,169
Trial Court Grants	151,702
Proprietary Funds:	
Risk Management	\$ 28,757,197

The deficits in fund balances or net assets for Adult Probation Grants, Air Quality Grants, CDBG Housing Trust, County Attorney Grants, Emergency Management, Environmental Services Grants, Human Services Grants, Juvenile Probation Grants, Public Health, School Grants, Sheriff Grants, Solid Waste Grants, Transportation Grants, and Trial Court Grants Funds were attributed to the deferring of certain grant revenues. The County accrues grant revenue received within 60 days after year-end, as it is available and measurable. Revenues received after 60 days are considered not available and are therefore deferred.

Risk Management Fund's funding plan calls for the fiscal year ending cash balance to equal the next year's estimated claims and claims related expenses. As of June 30, 2010, the total net assets deficit was \$28,757,197. This is primarily due to the Risk Management Fund not being funded for noncurrent accrued claim liabilities.

NOTE 6 – DEPOSITS AND INVESTMENTS

Arizona Revised Statutes (A.R.S.) authorize the County to invest public monies in the State Treasurer's investment pool; obligations issued or guaranteed by the United States or any of the senior debt of its agencies, sponsored agencies, corporations, sponsored corporations, or instrumentalities; specified state and local government bonds; interest earning investments such as savings accounts, certificates of deposit, and repurchase agreements in eligible depositories; and specified commercial paper, bonds, debentures, and notes issued by corporations organized and doing business in the United States. In addition, the County Treasurer may invest trust funds in fixed income securities of corporations doing business in the United States or District of Columbia.

Credit risk

Statutes have the following requirements for credit risk:

1. Commercial paper must be rated P1 by Moody's investors service or A1 or better by Standard and Poor's rating service.

Notes to the Financial Statements

(Continued)

2. Corporate bonds, debentures, and notes must be rated A or better by Moody's investors service or Standard and Poor's rating service.
3. Fixed income securities must carry one of the two highest ratings by Moody's investors service and Standard and Poor's rating service. If only one of the above-mentioned services rates the security, it must carry the highest rating of that service.

Custodial credit risk

Statutes require collateral for demand deposits, certificates of deposit, and repurchase agreements at 101 percent of all deposits not covered by federal depository insurance.

Concentration of credit risk

Statutes do not include any requirements for concentration of credit risk.

Interest rate risk

Statutes require that public monies invested in securities and deposits have a maximum maturity of 5 years and that public operating fund monies invested in securities and deposits have a maximum maturity of 3 years. However, the Stadium District is allowed by a separate statute to invest monies, not held for operations, in eligible investments with a maturity of greater than 5 years. Investments in repurchase agreements must have a maximum maturity of 180 days.

Foreign currency risk

Statutes do not allow foreign investments.

Deposits - At June 30, 2010, the carrying amount of the County's deposits was \$320,840,600, and the bank balance was \$317,611,941. It is the County's investment policy to collateralize all deposits by at least 101 percent of the deposits not covered by depository insurance. At a minimum, the collateral is to be held by the pledging financial institution or its agent, but does not have to be held in the County's name.

In October 2008, the FDIC's Board of Directors authorized the publication in the Federal Register (73 FR 64179) of an interim rule that outlined the structure of a new program called the 'Temporary Liquidity Program' (TLGP). This new program was designed to assist in the stabilization of the nation's financial system. Under the Transaction Account Guarantee (TAG) program, a component of the TLGP, the FDIC guarantees all funds held in qualifying noninterest-bearing transaction accounts at participating insured depository institutions. On November 26, 2008, the final rule was published in the Federal Register (73 FR 72244). An amendment to 12 CFR 370 in part, extended the TAG program until December 31, 2010, with the possibility of an additional extension of up to twelve months upon the determination by the FDIC's Board of Directors.

At June 30, 2010, \$97,692,318 of the County's bank balance was exposed to custodial credit risk as follows:

Uninsured with collateral held by the pledging financial institution	\$ 97,692,318
--	---------------

Investments – The County's investments at June 30, 2010, were as follows:

Investment Type	Amount
U.S. Treasury Securities	\$ 440,704,598
U.S. Agency Securities	3,039,686,093
Municipal Bonds	3,315,000
Mutual funds with trustee	22,372,695
Guaranteed investment contracts	5,900,968
Other investments	8,084,845
	<u>\$ 3,520,064,199</u>

Credit risk – It is the County's investment policy to preserve the principal value and the interest income of an investment. The County can invest in obligations issued or guaranteed by the United States or any of the senior debt of its agencies, sponsored agencies, corporations, or instrumentalities. The County can also invest in commercial paper and corporate bonds with ratings that meet the statutory requirements specified above. At June 30, 2010, credit risk for the County's investments was as follows:

Notes to the Financial Statements

(Continued)

Investment Type	Rating	Rating Agency	Amount
U. S. Agency Securities	Aaa	Moody's	\$ 2,164,559,493
U. S. Agency Securities	Aa1	Moody's	84,061,600
U. S. Agency Securities	P1	Moody's	720,365,000
U. S. Agency Securities	Unrated	Not applicable	70,700,000
Municipal Bonds	A2	Moody's	895,000
Municipal Bonds	Baa1	Moody's	420,000
Municipal Bonds	Unrated	Not applicable	2,000,000
Mutual funds with trustee	Aaa	Moody's	22,372,695
			<u>\$ 3,065,373,788</u>

The \$70,700,000 of unrated U.S. agency securities are coupon notes issued by the Federal Home Loan Bank (FHLB) and \$2,000,000 of unrated municipal bonds issued by the Saddle Mountain School District. The \$8,084,845 of other investments are related to the Public Fiduciary, which invests in equities, mutual funds, U.S. Treasury securities, and other types of investments as directed by court order. Due to the difficulty of obtaining the information and as these investment amounts are determined to be immaterial, Maricopa County will not follow the credit risk disclosure requirements specified by GASB Statement No. 40 – Deposit and Investment Risk Disclosures.

Custodial credit risk – For an investment, custodial credit risk is the risk that, in the event of the counterparty's failure, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. It is the County's investment policy that all of the Treasurer's securities be held by the agent or trust department and in the County's name. The \$8,084,845 of other investments are related to the Public Fiduciary, which invests in equities, mutual funds, U.S. Treasury securities, and other types of investments as directed by court order. Due to the difficulty of obtaining the information and as these investment amounts are determined to be immaterial, Maricopa County will not follow the custodial credit risk disclosure requirements specified by GASB Statement No. 40 – Deposit and Investment Risk Disclosures.

Concentration of credit risk – It is the County's investment policy to preserve the principal value of its investments. However, due to the limited investments allowed under statutes and the desire to preserve the principal value, the County's investments may have a concentration of credit risk of more than 5 percent of total investments in one issuer. Five percent or more of the County's investments at June 30, 2010, were in the Federal National Mortgage Association, the Federal Home Loan Bank, and the Federal Home Loan Mortgage Corporation. These investments were 37.4 percent, 22.7 percent, and 21.5 percent, respectively, of the County's total investments.

Interest rate risk – It is the County's investment policy to hold investments to maturity, where practical, and avoid any loss on investments resulting from an early sale or retirement of an investment.

Additionally, securities should be invested for a shorter duration, where applicable. At June 30, 2010, the County had the following investments in debt securities.

Investment Type	Amount	Investment Maturities		
		Less than 1 Year	1 – 5 Years	6 - 10 Years
U.S. Treasury Securities	\$ 440,704,598	\$ 440,704,598	\$	\$
U.S. Agency Securities	3,039,686,093	740,420,200	2,299,265,893	
Municipal Bonds	3,315,000		3,315,000	
Mutual funds with trustee	22,372,695	22,372,695		
Guaranteed investment contracts	5,900,968			5,900,968
	<u>\$ 3,511,979,354</u>	<u>\$ 1,203,497,493</u>	<u>\$ 2,302,580,893</u>	<u>\$ 5,900,968</u>

The \$5,900,968 of guaranteed investment contracts relate to the Stadium District which is allowed by statute to invest monies, not held for operations, for longer periods of time.

Notes to the Financial Statements (Continued)

The \$8,084,845 of other investments are related to the Public Fiduciary, which invests in equities, mutual funds, U.S. Treasury securities, and other types of investments, as directed by court order. Due to the difficulty of obtaining the information and as these investment amounts are determined to be immaterial, Maricopa County will not follow the interest rate risk disclosure requirements specified by GASB Statement No. 40 – Deposit and Investment Risk Disclosures.

Foreign currency risk – The County does not have a formal investment policy with respect to foreign currency risk because State statutes do not allow foreign investments.

A reconciliation of cash, deposits, and investments to amounts shown on the Statements of Net Assets follows:

Cash, deposits and investments:

Total	<u>\$1,592,076,073</u>	<u>\$ 2,167,013,192</u>	<u>\$76,515,182</u>	<u>\$ 5,424,127</u>	<u>\$ 3,841,028,574</u>

NOTE 7 – CONDENSED FINANCIAL STATEMENTS OF COUNTY TREASURER’S INVESTMENT POOL

Arizona Revised Statutes require community colleges, school districts, and other local governments to deposit certain public monies with the County Treasurer. The Treasurer has a fiduciary responsibility to administer those and the County’s monies under his stewardship. The Treasurer invests, on a pool basis, all idle monies not specifically invested for a fund or program. In addition, the Treasurer determines the fair value of those pooled investments monthly and at June 30.

The County Treasurer’s investment pool is not registered with the Securities and Exchange Commission as an investment company and there is no regulatory oversight of its operations. The pool’s structure does not provide for shares, and the County has not provided or obtained any legally binding guarantees to support the value of the participants’ investments.

The Treasurer allocates interest earnings to each of the pool’s participants. However, for the County’s monies in the pool, the Board of Supervisors authorized \$971,428 of interest earned in certain other funds to be transferred to the General Fund.

Substantially, all deposits and investments of the County’s primary government are included in the County Treasurer’s investment pool, except for \$75,494,428 of deposits, \$12,712,658 of investments in U.S. Treasury Securities, \$22,372,695 of mutual funds with trustee, \$5,900,968 of guaranteed investment contracts, and \$8,084,845 of other investments. Therefore, the deposit and investment risks of the Treasurer’s investment pool are substantially the same as the County’s deposit and investment risks. See Note 6 – Deposits and Investments for disclosure of the County’s deposit and investment risks.

Details of each major investment classification follow:

<u>Investment Type</u>	<u>Principal</u>	<u>Interest Rates</u>	<u>Maturities</u>	<u>Reported Amount</u>
U. S. Treasury Securities	\$428,585,557	0.13 – 0.15%	7/10 - 8/10	\$427,991,940
U. S. Agency Securities	\$3,043,902,081	0.06 – 5.50%	7/10 – 6/13	\$3,039,686,093
Municipal Bonds	\$3,315,000	1.25 – 3.50%	7/11 – 7/14	\$3,315,000

NOTE 9 – DUE FROM OTHER GOVERNMENTAL UNITS

Amounts due from other governmental units at June 30, 2010, of \$158,469,166 as reported for the governmental activities and on the governmental funds balance sheet, include \$61,512,596, \$11,787,952, and \$14,595,893 in state-shared revenues for sales taxes, vehicle license taxes, and highway user taxes, respectively; \$18,004,513, \$1,023,722, and \$852,199 in jail tax, waste tire surcharge, and rental car surcharge, respectively, collected by the State but not received by the County; \$22,698,508 in various Federal and State grants; \$3,120,730 due from other governments for prisoner detention and police services; \$10,659,627 due from cities and towns for Flood Control District, Library District, and Transportation Department intergovernmental agreements; and \$1,399,291 of miscellaneous due from the State and local governments.

In addition, the County reported \$12,814,135 for debt service reimbursements due from the Maricopa County Special Health Care District, a separate legal entity. The amount is reported in the County Improvement Debt Fund and is deferred, as it is not considered available to finance expenditures of the current period. As a result of the transition of the Maricopa County Medical Center to the District on January 1, 2005, the Medical Center transferred long-term debt obligations (lease revenue bonds, certificates of participation and installment purchase agreements) to the County. The Maricopa County Special Health Care District will pay the debt obligations per the terms of an Intergovernmental Agreement which coincide with the future principal and interest payments to July 1, 2015.

NOTE 10 – INTERGOVERNMENTAL LOANS

At June 30, 2010, the County reported intergovernmental loans of \$15,467,006. This amount consists of two separate intergovernmental loans to the Maricopa County Special Health Care District, a separate legal entity.

On July 1, 2005, the County provided a \$15,433,000 ten-year loan to the Maricopa County Special Health Care District. The terms of the loan, as outlined in the Assistance Package Intergovernmental Agreement dated June 8, 2005, include the first five years interest free, with interest payable for the second five-year period at the rate earned by the County Treasurer over that period. The balance of the loan is due August 1, 2015.

The County also reported a \$34,006 intergovernmental loan to the Maricopa County Special Health Care District for monies owed from the District to the General Fund for early extinguishment of certain debt in advance of maturity. The loan is paid semi-annually until July 1, 2010, at which time the loan will be paid in full.

NOTE 11 – CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2010 was as follows:

	Balance July 1, 2009, as restated	Increase	Decrease	Balance June 30, 2010
Governmental activities:				
Nondepreciable assets:

Construction in progress		111,582		111,582
Total capital assets not being depreciated	<u>4,121,733</u>	<u>111,582</u>	<u>100,038</u>	<u>4,133,277</u>
Depreciable assets:				
Buildings and improvements	42,043,753	1,512,651	149,991	43,406,413
Machinery and equipment	692,624	77,285		769,909
Less accumulated depreciation	<u>28,181,384</u>	<u>1,411,332</u>	<u>78,283</u>	<u>29,514,433</u>
Total	<u>14,554,993</u>	<u>178,604</u>	<u>71,708</u>	<u>14,661,889</u>
Discretely presented component unit capital assets, net	<u>\$ 18,676,726</u>	<u>\$ 290,186</u>	<u>\$ 171,746</u>	<u>\$ 18,795,166</u>

The County pledged certain governmental activities land and buildings as collateral for various lease revenue bonds. See Note 13 – Long-term Liabilities for additional information regarding outstanding bonds at June 30, 2010.

On July 1, 2009, the County restated governmental activities beginning capital asset balances by (\$17,532,316) for corrections of prior period errors. See Note 3 – Beginning Balances Restated for additional information.

Depreciation expense was charged to functions/programs as follows:

Government activities:	
General government	\$ 16,970,929
Public safety	30,959,990
Highways and streets	4,134,827
Health, welfare and sanitation	3,202,769
Culture and recreation	9,783,379
Education	528,996
Internal service funds	882,109
Total governmental activities depreciation expense	<u>\$ 66,462,999</u>
Discretely presented component unit	
Housing Authority	\$ 1,411,332

The depreciation expense charged to governmental activities is less than accumulated depreciation increases because of assets transferred from buildings and improvements to machinery and equipment with accumulated depreciation of \$323,649. This transfer amount is accounted for in machinery and equipment accumulated depreciation increases, but does not constitute current year depreciation expense. As this amount is also included in buildings and improvements accumulated depreciation decreases, the net effect on accumulated depreciation is zero.

Notes to the Financial Statements

(Continued)

NOTE 12 – CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS

At June 30, 2010, Maricopa County had the following major contractual commitments related to various capital projects. Commitments have been grouped into four major categories: Transportation Construction Projects, Flood Control Construction Projects, Library District Construction Projects, and Construction of Various County Facilities.

Transportation Construction Projects

At June 30, 2010, the Maricopa County Transportation Department had contractual commitments of \$20,743,080 for construction of various roadway projects. The related estimated cost of completion based on the project budgets was \$320,737,842, of which not all projects may be completed. Funding for these expenditures will be provided from Highway User Fuel Tax, the primary source of revenue for the Transportation Department. These projects are accounted for in the Transportation Capital Projects Fund (nonmajor governmental fund).

Flood Control Construction Projects

At June 30, 2010, the Maricopa County Flood Control District had contractual commitments of \$31,642,941 for the construction of various flood control projects. The related estimated cost of completion based on the project budgets was \$281,820,000, of which not all projects may be completed. Funding for these expenditures will be provided from the Flood Control District's tax levy of property within Maricopa County, the primary source of revenue for the Flood Control District. These projects are accounted for in the Flood Control Capital Projects Fund (nonmajor governmental fund).

Library District Construction Projects

At June 30, 2010, the Maricopa County Library District had contractual commitments of \$3,150,190 related to major capital projects. The related estimated cost of completion based on the project budgets was \$11,500,000, of which not all projects may be completed. Funding for these projects will be provided predominantly through transfers from the Library District Fund. These projects are accounted for in the Library District Capital Improvement Fund (nonmajor governmental fund).

Construction of Various County Facilities

At June 30, 2010, Maricopa County had contractual commitments of \$160,599,528, relating to major capital projects accounted for in the General Fund County Improvements Fund (major governmental fund) and funded predominantly through transfers from the General Fund. The related estimated cost of completion based on the project budgets was \$205,865,907, of which not all projects may be completed.

NOTE 13 – LONG-TERM LIABILITIES

The following schedule details the County's long-term liability and obligation activity for the year ended June 30, 2010.

	Balance July 1, 2009	Additions	Reductions	Balance June 30, 2010	Due Within One Year
Governmental activities:					
Bonds, loans, and other payables:					
Lease revenue bonds	\$ 163,900,000	\$	\$ 10,615,000	\$ 153,285,000	\$ 11,145,000
Certificates of participation	3,850,000		465,000	3,385,000	490,000

Bonds, loans, and other payables were as follows at June 30, 2010:

Lease Revenue Bonds

On June 1, 2001, the Maricopa County Public Finance Corporation issued \$124,855,000 of Lease Revenue Bonds to pay for the acquisition of, construction of, and equipment for the Public Service Building, Forensic Science Center, Superior Court Customer Service Center, parking garages, and related projects. Under the terms of the bond indentures, the Corporation received the proceeds to construct and purchase these assets and the County will make lease payments to extinguish the debt. Lease payments will equal the aggregate amount of principal and interest due at that date. Upon the final lease payment, the title to the assets will transfer to the County. The County's obligation to make lease payments will be subject to and dependent upon annual appropriations being made by the County. Bonds maturing on and after July 1, 2012, are subject to optional redemption in increments of \$5,000 on July 1, 2011, or any date thereafter, at par plus accrued interest to the date fixed for redemption. In the event of nonappropriation, the bonds would be subject to special redemption at par plus accrued interest to the redemption date.

On December 3, 2003, the Maricopa County Public Finance Corporation issued \$16,880,000 of Lease Revenue Refunding Bonds for the current refunding of various certificates of participation (Series 2000, 1996, 1994, and 1993), capital leases, and an installment purchase contract, which were legally defeased as of June 1, 2004. The County will be obligated to make lease payments to extinguish the refunding debt when due until all lease payments under the lease have been paid. The County's obligation to make lease payments will be subject to and dependent upon annual appropriations being made by the County. The bonds are not subject to optional redemption prior to maturity; however, in the event of nonappropriation, the bonds would terminate and be subject to special mandatory redemption at par plus accrued interest, without premium.

On August 9, 2005, the Maricopa County Public Finance Corporation defeased a portion of the Lease Revenue Bonds, Series 2001, in the amount of \$10,605,000. The County contributed the cash to advance refund the bonds, which mature on July 1, 2006 through July 1, 2015. Bonds maturing on and after July 1, 2012, are callable on July 1, 2011, and are redeemable at par plus accrued interest. The outstanding principal balance of \$6,000,000 will be paid by investments held in an irrevocable trust with a fair value of \$7,146,209. Accordingly, the trust account assets and liability for these defeased bonds are not included in the County's financial statements. This portion of the lease revenue bonds was initially entered into by the Maricopa County Medical Center, which was transitioned to the Maricopa County Special Health Care District, a separate legal entity, on January 1, 2005. As a result of the transition, the Maricopa County Medical Center transferred this obligation to the County and the District reimburses the County for the principal and interest associated with this debt in accordance with the intergovernmental agreement between the County and the District. Although the County defeased this portion of the bonds, the District is still obligated to reimburse the County for the applicable principal and interest pursuant to the intergovernmental agreement. See Note 9 – Due From Other Governmental Units for additional information.

Notes to the Financial Statements

(Continued)

On May 23, 2007, the Maricopa County Public Finance Corporation issued \$108,100,000 of Lease Revenue Bonds to pay for the acquisition, construction, and renovation of the Durango Animal Care and Control Facility; Southeast, Southwest, San Tan, One West Madison and Sunnyslope Justice Court Facilities; and Central Court Building. Under the terms of the bond indentures, the Corporation received the proceeds to construct and purchase these assets and the County will make lease payments to extinguish the debt. Lease payments will equal the aggregate amount of principal and interest due at that date. Upon the final lease payment, the title to the assets will transfer to the County. The County's obligation to make lease payments will be subject to and dependent upon annual appropriations being made by the County. Bonds maturing on and after July 1, 2017, are subject to optional redemption in increments of \$5,000 on July 1, 2016, or any date thereafter, at par plus accrued interest to the date fixed for redemption. In the event of nonappropriation, the bonds would be subject to special redemption at par plus accrued interest to the redemption date.

On May 23, 2007, the Maricopa County Public Finance Corporation issued Lease Revenue Refunding Bonds, Series 2007B, for \$32,840,000 (par value) with interest rates ranging from 4% to 5% and maturing from July 1, 2012 to July 1, 2015. The net bond proceeds were \$34,414,011 which included a reoffering premium of \$973,843, County contributions of \$860,000, and cost of issuance of \$259,831. The net proceeds were used to advance refund the Lease Revenue Bonds, Series 2001, of \$32,215,000, with interest rates ranging from 4.75% to 5.5%, maturing from July 1, 2012 through July 1, 2015, and callable at par plus accrued interest on July 1, 2011.

The following Lease Revenue Bonds were outstanding as of June 30, 2010:

DESCRIPTION	AMOUNT OF ISSUE	INTEREST RATES	MATURITY DATES	OUTSTANDING AT JUNE 30, 2010
2001 Lease Revenue Bonds	\$ 124,855,000	4.55 – 5.47%	7-1-10/12	\$ 14,740,000
2003 Lease Revenue Refunding Bonds	16,880,000	3.00 – 3.38%	7-1-10/12	2,370,000
2007A Lease Revenue Bonds	108,100,000	3.50 – 5.00%	7-1-10/31	103,335,000
2007B Lease Revenue Refunding Bonds	32,840,000	4.00 – 5.00%	7-1-12/15	32,840,000
Total	\$ 282,675,000			\$ 153,285,000

Annual debt service requirements to maturity for the County's Lease Revenue Bonds are as follows:

Year Ending June 30	Governmental Activities		
	Principal	Interest	Total
2011	\$ 11,145,000	\$ 6,630,595	\$ 17,775,595
2012	10,585,000	6,103,790	16,688,790
2013	11,205,000	5,602,040	16,807,040
2014	11,375,000	5,118,505	16,493,505
2015	11,840,000	4,579,180	16,419,180
2016-20	28,255,000	17,505,325	45,760,325
2021-25	24,235,000	12,241,620	36,476,620
2026-30	30,565,000	5,819,825	36,384,825
2031-32	14,080,000	497,000	14,577,000
Total	\$153,285,000	\$ 64,097,880	\$ 217,382,880

The County defeased lease revenue bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for these defeased bonds are not included in the County's financial statements. At June 30, 2010, \$32,215,000 of bonds outstanding are considered defeased as summarized below.

Refunded and Refinanced Obligations		
Issue	Outstanding	
	Principal	Call Date
Series 2001 Lease Revenue Bonds	\$ 32,215,000	July 1, 2011

Notes to the Financial Statements

Certificates of Participation

Certificates of Participation represent proportionate interests in semiannual lease payments. The County's obligation to make lease payments is subject to annual appropriations being made by the County for that purpose. On November 1, 2000, Maricopa County Public Finance Corporation issued \$6,975,000 of Certificates of Participation to pay for the acquisition of and improvements to the Desert Vista Hospital and medical office facilities. These certificates of participation were initially entered into by the Maricopa County Medical Center, which was transitioned to the Maricopa County Special Health Care District, a separate legal entity, on January 1, 2005. As a result of the transition, the Medical Center transferred this obligation to the County and the District reimburses the County for the principal and interest associated with this debt in accordance with the intergovernmental agreement between the County and the District. See Note 9 – Due From Other Governmental Units for additional information.

The following Certificates of Participation were outstanding at June 30, 2010:

DESCRIPTION	AMOUNT OF ISSUE	INTEREST RATES	MATURITY DATES	OUTSTANDING AT JUNE 30, 2010
2000 Certificates of Participation	\$ 6,975,000	5.00 – 5.50%	7-1-10/15	\$ 3,385,000

Annual debt service requirements to maturity for certificates of participation are as follows:

Year Ending June 30	Governmental Activities	
	Principal	Interest
2011	\$ 490,000	\$ 166,000
2012	520,000	140,490
2013	545,000	113,060
2014	575,000	83,653
2015	610,000	51,945
2016	645,000	17,737
Total	\$ 3,385,000	\$ 572,885

Stadium District Revenue Bonds

Stadium District Revenue Bonds are special obligations of the District. The bonds are payable solely from pledged revenues, consisting of car rental surcharges levied and collected by the Stadium District pursuant to A.R.S. §48-4234. Under the statute, the Stadium District may set the surcharge at \$2.50 on each lease or rental of a motor vehicle licensed for hire, for less than one year, and designed to carry fewer than 15 passengers, regardless of whether such vehicle is licensed in the State of Arizona. The Stadium District Board of Directors initially levied a surcharge at a rate of \$1.50 beginning in January 1992 and increased the surcharge to \$2.50, the maximum amount permitted by statute, in January 1993. The District has pledged a portion of future car rental surcharge revenue to repay the \$58,225,000 in revenue refunding bonds, which were issued in June 2002 to prepay and redeem certain obligations and fund debt service reserves. The bonds do not constitute a debt or a pledge of the faith or credit of Maricopa County, the State of Arizona, or any other political subdivision. The payment of the bonds is enforceable solely out of the pledged revenues and no owner shall have any right to compel any exercise of taxing power of the District, except for surcharges. The bonds maturing after June 1, 2013, are subject to optional redemption in increments of \$5,000 at par plus accrued interest. Total principal and interest remaining to be paid on the bonds is \$48,784,812, payable through June 2019. Principal and interest paid for the current year and total car rental surcharge revenues were \$5,419,094 and \$4,668,574, respectively.

The Stadium District had the following revenue bonds outstanding at June 30, 2010:

DESCRIPTION	AMOUNT OF ISSUE	INTEREST RATES	MATURITY DATES	OUTSTANDING AT JUNE 30, 2010
2002 Revenue Refunding Bonds	\$ 58,225,000	5.25 — 5.375%	6-1-11/19	\$ 37,905,000

Notes to the Financial Statements

(Continued)

Annual debt service requirements to maturity for Stadium District bonds are as follows:

Year Ending June 30	Governmental Activities	
	Principal	Interest
2011	\$ 3,390,000	\$ 2,028,694
2012	3,570,000	1,850,718
2013	3,760,000	1,663,294
2014	3,960,000	1,461,194
2015	4,170,000	1,248,344
2016 – 19	19,055,000	2,627,568
TOTAL	<u>\$ 37,905,000</u>	<u>\$ 10,879,812</u>

Stadium District Loans Payable

On January 23, 2007, the Stadium District entered into a cost-sharing agreement with the Arizona Professional Baseball Team Limited Partnership (Team) for the renovations at Chase Field. Under the terms of the agreement, the Team provided \$537,723 of the funding for the renovations; and the agreement states that the Stadium District will pay the Team back over the next three years, ending December 2010.

On September 10, 2007, the Stadium District entered into a cost-sharing agreement with the Team for the purchase of a video board and related equipment. Under the terms of the agreement, the Team provided \$8,273,928 of the funding for the purchase; and the agreement states that the Stadium District will pay the Team back over nine years, beginning December 2009 and ending in December 2017.

On October 12, 2007, the Stadium District entered into a cost-sharing agreement with the Team for Phase II of the suite renovations at Chase Field. Under the terms of the agreement, the Team provided \$1,832,928 of the funding for the renovations; and the agreement states that the Stadium District will pay the Team back over ten years, beginning December 2011 and ending in December 2020.

Annual debt service requirements to maturity for Stadium District loans payable are as follows:

Year Ending June 30	Governmental Activities	
	Principal	
2011	\$	1,179,241
2012		1,200,000
2013		1,200,000
2014		1,200,000
2015		1,200,000
2016-20		3,273,928
2021		32,929
Total	<u>\$</u>	<u>9,286,098</u>

Special Assessment Debt with Governmental Commitment

Special assessment bonds are payable from assessments collected from property owners benefited by the respective improvements. The special assessment districts pledged these assessments to repay the par issuance amount of \$568,658 in special assessment bonds. The proceeds were used to finance construction projects in these districts. Total principal and interest remaining to be paid on these bonds is \$230,280, payable through July 2018. While there is no legal obligation for the County to further secure the special assessment bonds of the districts below, the County has made a moral commitment to take steps necessary to prevent default. Principal and interest paid for the current year and total special assessment charges revenue were \$32,676 and \$53,667, respectively.

Notes to the Financial Statements

(Continued)

Special assessment bonds currently outstanding for governmental activities are as follows:

DESCRIPTION	AMOUNT OF ISSUE	INTEREST RATES	MATURITY DATES	OUTSTANDING AT JUNE 30, 2010
Queen Creek Water	\$ 301,960	4.875%	7-1-10/17	\$ 17,728
Marquerite Drive	60,670	9.000%	7-1-10/11	3,212
7 th Street North	60,059	8.000%	1-1-11/14	22,130
Plymouth Street	145,969	8.000%	7-1-10/18	131,372
Total	<u>\$ 568,658</u>			<u>\$ 174,442</u>

Annual debt service requirements to maturity for special assessment debt with governmental commitment are as follows:

Year Ending June 30	Governmental Activities	
	Principal	Interest
2011	\$ 20,926	\$ 12,796
2012	26,031	11,046
2013	22,819	9,146
2014	22,819	7,389
2015	16,813	5,633
2016 – 18	65,034	9,828
Total	<u>\$ 174,442</u>	<u>\$ 55,838</u>

Capital Leases

The County has entered into various lease-purchase agreements, which are non-cancellable, for the acquisitions of the following equipment:

	Governmental Activities
Computer Systems and Equipment	\$ 18,573,195
Communications Equipment	94,707
Total Capital Assets	18,667,902
Accumulated Depreciation	(6,437,545)
Net Value of Leased Capital Assets	<u>\$ 12,230,357</u>

These lease-purchase agreements require the County to pay all maintenance costs. At the time of the final principal and interest payments, title to the leased equipment transfers to the County. These leases are contingent on budgetary appropriations each fiscal year. The assets are capitalized at total principal cost.

The following schedule details debt service requirements to maturity for the County's capital leases payable at June 30, 2010.

Year Ending June 30	Governmental Activities
2011	\$ 8,741,834
2012	6,654,323
2013	13,758
Total minimum lease payments	15,409,915
Amount representing interest	(453,600)
Present value of net minimum lease payments	<u>\$ 14,956,315</u>

Notes to the Financial Statements

(Continued)

The present value of net minimum lease payments at June 30, 2010, of \$14,956,315 exceeds the total capital assets of \$12,230,357 because a significant portion of the assets acquired through capital leases are for computer related equipment that is below the County's capitalization threshold.

Legal Debt Margin

County indebtedness pertaining to general obligation bonds may not exceed six percent of the value of the County's taxable property ascertained by the last assessment. However, with voter approval, the County may become indebted for an amount not to exceed fifteen percent of such taxable property. At June 30, 2010, the allowable six and fifteen percent limits were \$3,479,043,104 and \$8,697,607,759, respectively. The County had no outstanding general obligation debt at June 30, 2010, and was therefore within the legal debt margin.

Arbitrage Compliance

The County is in compliance with all Federal arbitrage regulations for tax-exempt debt securities. As of June 30, 2010, the County had no arbitrage liability.

NOTE 14 – MUNICIPAL LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

The County has five landfills which are subject to closure and postclosure care requirements. Federal and State laws and regulations require the County to place a final cover on all its landfill sites when they stop accepting waste and to perform certain maintenance and monitoring functions at the sites for 30 years after closure. Although one landfill is exempt from these regulations, the County is performing postclosure monitoring of this site and has included the estimated costs in the closure and postclosure liability.

On May 31, 2007, the County's last remaining landfill ceased accepting waste and the County is in the process of capping the landfill. The closure costs associated with this landfill are included in the landfill closure and postclosure care liability at June 30, 2010. In addition, during fiscal year 2010, the County updated estimates of the amount required to pay for closure, cleanup, remedial actions and monitoring at the County's five landfill sites, in accordance with generally accepted accounting principles. The County estimated these costs to be approximately \$14,209,071.

The County's estimate for closure and postclosure care requirements for the five landfills are subject to change due to inflation, changes in technology, and changes in regulations, or results of the investigational study. All associated closure and postclosure costs will be paid from the Solid Waste Management Fund. These amounts are based on what it would cost to perform all closure and postclosure care and remedial investigation costs in fiscal year 2010.

Notes to the Financial Statements

(Continued)

According to Federal and State laws and regulations, the County must comply with the local government financial test requirements that assure the County can meet the costs of landfill closure, postclosure, and corrective action when needed. The County is in compliance with these requirements.

NOTE 15 – MUNICIPAL REVOLVING LINE OF CREDIT AND IRREVOCABLE STANDBY LETTER OF CREDIT

On July 1, 2009, the County renewed the \$35,000,000 municipal revolving line of credit with an interest rate of 65% of the bank's prime rate which has a maturity date of June 30, 2010. Outstanding principal and interest is due on June 30 of each year. During fiscal year 2010, the County had not borrowed against the line of credit. The municipal revolving line of credit was renewed to June 30, 2011.

On July 1, 2009, the County entered into a \$5,325,903 irrevocable standby letter of credit issued to the Industrial Commission of Arizona for unfunded workers' compensation claims. The irrevocable standby letter of credit matured on June 30, 2010. The letter of credit was reserved against the municipal revolving line of credit. During fiscal year 2010, the letter of credit had not been drawn upon. The irrevocable standby letter of credit was renewed to July 1, 2011, for \$5,649,751.

NOTE 16 – OPERATING LEASES

The County's operating leases are for land, buildings, office equipment, and vehicles under the provisions of various long-term lease agreements classified as operating leases for accounting purposes. Rental expenses under the terms of these operating leases for governmental activities were \$17,250,159 for the year ended June 30, 2010. These operating leases have remaining lease terms from one to eight years. Also, they provide renewal options and are contingent on budgetary appropriations each fiscal year. The future minimum rental payments required under these operating leases as of June 30, 2010, are as follows:

Year Ending June 30	Governmental Activities
2011	\$ 10,292,895
2012	7,264,044
2013	5,726,377
2014	3,918,896
2015	2,150,207
2016-18	2,104,536
Total minimum payments required	\$ 31,456,955

NOTE 17 – RISK MANAGEMENT

Self-Insurance

The Risk Management Fund (internal service fund) accounts for the financing of the insured risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters.

The County is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County carries commercial insurance for all such risks of loss, including workers' compensation and employees' health and accident insurance. Settled claims have not exceeded this commercial coverage since the inception of these insurance policies.

Liabilities for unpaid claims are estimates determined by an independent actuary using the following actuarial methods: reported loss development, paid loss development, Bornhuetter-Ferguson reported loss and paid loss, frequency times severity, expected loss, incremental paid workers' compensation, paid allocated loss adjustment expense to paid loss development – automobile liability, and tail liability for

Notes to the Financial Statements

(Continued)

medical malpractice. Accrued actuarial liabilities are based on a discounted 55 percent confidence level assuming a 2.00 percent annual rate of return on investments. Accrued actuarial liabilities at June 30, 2010, for each insurable area follow:

General liability	\$ 55,156,716
Automobile liability	1,285,598
Malpractice	14,777,957
Workers' compensation	12,406,026
Property reserve	360,287
Auto physical damage	251,850
Unallocated	6,177,194
Total	\$ 90,415,628

Changes in the unpaid claims liability reported in the Risk Management Fund follow:

Year	Balance July 1	Current-Year Claims And Changes In Estimates	Claims Payments	Balance June 30
2007-08	\$ 57,730,019	\$ 13,460,325	\$ (13,118,250)	\$ 58,072,094
2008-09	58,072,094	13,180,821	(8,823,795)	62,429,120
2009-10	62,429,120	37,749,796	(9,763,288)	90,415,628

The Employee Benefits Trust Fund (internal service fund) accounts for the financing of the insured risk of loss for certain health benefits (medical, dental, short-term disability, and medical incentives) to eligible employees and their dependents.

The liability for medical, dental, short-term disability, behavioral health, and vision claims is based on fiscal year 2010 actuarial reports. Accrued actuarial liabilities at June 30, 2010, for each insurable area follow:

Medical	\$ 7,444,935
Dental	374,756
Short-term disability	380,146
Behavioral health	252,691
Vision	52,502
Total	\$ 8,505,030

Changes in the unpaid claims liabilities reported in the Employee Benefits Trust Fund follow:

Year	Balance July 1	Current-Year Claims And Changes In Estimates	Claims Payments	Other Payments	Balance June 30
2007-08	\$ 2,206,068	\$ 95,933,611	\$ (87,449,314)	\$ (143,714)	\$ 10,546,651
2008-09	10,546,651	99,512,245	(98,479,540)	(81,655)	11,497,701
2009-10	11,497,701	98,619,427	(101,612,098)		8,505,030

Other Claims

The County has exposure to the following claim areas carrying no commercial insurance:

Indigent Health Care Litigation - At June 30, 2010, there were approximately two dozen hospitals and health care professionals seeking reimbursement from the County for health care medical services pertaining to indigent health care. This represents approximately 52,785 claims with a full-billed charge of approximately \$252 million. This amount is subject to a statutory discount that averages more than 50%. To date, \$64 million in claims with individual hospitals were settled for less than \$3 million; however, the method of determining the settlement amount can vary between hospitals as each hospital has a different set of requirements for calculating and agreeing on a settlement. The Superior Court of Maricopa County

Notes to the Financial Statements

(Continued)

appointed a Special Master to facilitate the dispute process. As of April 2008, the Special Master recommended decisions and the presiding judge accepted the recommendations that resulted in three judgments against Maricopa County in the combined amount of \$42,015,532, including interest and statutory penalties. Maricopa County appealed these decisions to the Arizona Court of Appeals, which were reversed and remanded in March 2010. In the opinion of outside legal counsel, it is impossible to reasonably estimate the amount of the loss because of overlapping defenses and imprecise state statute standards that were applied; therefore, no accrual for potential liability can be reasonably determined.

NOTE 18 – POLLUTION REMEDIATION OBLIGATIONS

Maricopa County has estimated and reported a pollution remediation obligation in the government-wide financial statements for the current or potential detrimental effects of existing pollution. At June 30, 2010, the County reported \$4,891,281 in claims and judgments, which is comprised of the following pollution remediation obligations.

Asbestos – The National Emission Standards for Hazardous Air Pollutants, 40 CFR §61.145, requires the County to inspect buildings for the existence of asbestos prior to the commencement of any demolition or renovation work. As of June 30, 2010, the County had several facilities under consideration for demolition or renovation. The County has reported an estimated pollution remediation liability of \$347,986 for these projects, which is an estimate provided by a professional environmental consultant. The estimate accounts for pre-cleanup activities, including site assessments to identify hazardous exposure to materials and characterizes and quantifies the potential risk posed at the sites, if any.

Cave Creek Landfill – The County has entered into a Consent Decree with the Arizona Department of Environmental Quality (ADEQ) to evaluate the Cave Creek Landfill as a source of groundwater contamination. As of June 30, 2010, the County has reported a pollution remediation liability of \$735,595, which is an engineering estimate provided by a professional environmental consultant. The estimate consists of mandated testing costs, completion of the remedial action plan, public meetings, and the recommended remediation at the landfill.

Hassayampa Landfill – On July 22, 1987, the Hassayampa Landfill was added to the Superfund National Priorities List by the United States Environmental Protection Agency (EPA), pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), 42 U.S.C. §9605(8), due to suspected groundwater contamination. On February 19, 1988, nine of the major potentially responsible parties (PRP) for the site entered into a Consent Order with the EPA to conduct the Remedial Investigation and Feasibility Study. On August 6, 1992, a Record of Decision was signed and detailed the EPA's selected cleanup remedy, which resulted in the formation of the Hassayampa Steering Committee (HSC). The HSC, an unincorporated association, consists of 11 PRP's that entered into a Unilateral Administrative Order with the EPA on March 30, 1993, to conduct additional investigation activities and to begin remedial design and action activities on the groundwater treatment system and soil cap. In September 1997, a Preliminary Close-Out Report was completed and the EPA certification of the completion of construction of the remedial action was issued in April 1998. The groundwater extraction and treatment system and soil vapor extraction and treatment system will continue to be run by the PRP's until the groundwater and soil meet cleanup levels.

The HSC hires consultants that recommend site actions, meet with regulators, and develop cost estimates for remediation of the Hassayampa Landfill. The County is responsible for 27.78% of the HSC's cost remediation. As of June 30, 2010, the County has reported a pollution remediation liability of \$2,555,760, based on the cost estimates provided by the consultants.

Stormwater – Under the Clean Water Act, the National Pollutant Discharge Eliminations System Stormwater Program, 40 CFR §122, requires the implementation of controls designed to prevent harmful pollutants from being washed by stormwater runoff into bodies of water. As of June 30, 2010, an audit of County-owned facilities was conducted to ensure compliance with Federal regulations. Based on the

Notes to the Financial Statements

(Continued)

results of the audit, the County has reported an estimated pollution remediation liability of \$1,251,940, which is an estimate provided by a professional environmental consultant. The estimate accounts for pre-cleanup activities, including an engineering study which recommended a method for collecting and containing stormwater runoff.

The County pollution remediation liability is subject to change due to changes in the cost of goods and services, changes in remediation technology, or changes in laws and regulations governing the remediation effort. The County has no estimated recoveries at this time.

NOTE 19 – PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS

Plan Descriptions

The County contributes to the four plans described below. Benefits are established by state statute and the plans generally provide retirement, long-term disability, and health insurance premium benefits, including death and survivor benefits. The retirement benefits are generally paid at a percentage, based on years of service, of the retirees' average compensation. Long-term disability benefits vary by circumstance, but generally pay a percentage of the employee's monthly compensation. Health insurance premium benefits are generally paid as a fixed dollar amount per month towards the retiree's healthcare insurance premiums, in amounts based on whether the benefit is for the retiree or for the retiree and his or her dependents.

The Arizona State Retirement System (ASRS) administers a cost-sharing, multiple-employer defined benefit pension plan; a cost-sharing, multiple-employer defined benefit health insurance premium plan; and a cost-sharing, multiple-employer defined benefit long-term disability plan that covers employees of the State of Arizona and employees of participating political subdivisions and school districts. The ASRS is governed by the Arizona State Retirement System Board according to the provisions of A.R.S. Title 38, Chapter 5, Article 2.

The Public Safety Personnel Retirement System (PSPRS) (Maricopa County Sheriff and Maricopa County Attorney Investigators) administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium plan that covers public safety personnel who are regularly assigned hazardous duty as employees of the State of Arizona and participating political subdivisions. The PSPRS, acting as a common investment and administrative agent, is governed by a five member board, known as The Fund Manager, and the participating local boards according to the provisions of A.R.S. Title 38, Chapter 5, Article 4.

The Corrections Officer Retirement Plan (CORP) (Maricopa County Corrections Officers and Administrative Office of the Courts Probation Officers (AOC Probation)) administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium plan that covers state, county, and local correction officers; dispatchers; and probation, surveillance, and juvenile detention officers. The CORP is governed by The Fund Manager of PSPRS and the participating local boards according to the provisions of A.R.S. Title 38, Chapter 5, Article 6.

The Elected Officials Retirement Plan (EORP) administers a cost-sharing, multiple-employer defined benefit pension plan and a cost-sharing, multiple-employer defined benefit health insurance premium plan that covers State of Arizona and county elected officials and judges, and elected officials of participating cities. The EORP is governed by The Fund Manager of PSPRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 3. Because the health insurance premium plan benefit of the EORP is not established as a formal trust, the EORP is reported in accordance with GASB Statement No. 45 as an agent multiple-employer defined benefit plan. Accordingly, the disclosures that follow reflect the EORP as if it were an agent multiple-employer defined benefit plan.

Funding Policy

The Arizona State Legislature establishes and may amend active plan members' and the County's contribution rates for the ASRS, PSPRS, CORP, and EORP.

Cost-Sharing Plans - For the year ended June 30, 2010, active ASRS members were required by statute to contribute at the actuarially determined rate of 9.40 percent (9.00 percent for retirement and 0.4 percent for long-term disability) of the members' annual covered payroll and the County was required by statute to contribute at the actuarially determined rate of 9.40 percent (8.34 percent for retirement, 0.66 percent for health insurance premium, and 0.4 percent for long-term disability) of the members' annual covered payroll.

The County's contributions for the current and 2 preceding years, all of which were equal to the required contributions, were as follows:

<u>Year ended June 30</u>	<u>Retirement Fund</u>	<u>Health Benefit Supplement Fund</u>	<u>Long-Term Disability Fund</u>
2010	\$ 34,698,556	\$ 2,745,929	\$ 1,663,726
2009	35,111,385	4,218,640	2,197,279
2008	38,279,334	4,992,957	2,377,738

Agent Plans - For the year ended June 30, 2010, active PSPRS (Maricopa County Sheriff) members were required by statute to contribute 7.65 percent of the members' annual covered payroll, and the County was required to contribute 22.28 percent, the aggregate of which is the actuarially required amount. The health insurance premium portion of the contribution rate was actuarially set at 1.38 percent of covered payroll. Active PSPRS (Maricopa County Attorney Investigators) members were required by statute to contribute 7.65 percent of the members' annual covered payroll, and the County was required to contribute 26.02 percent, the aggregate of which is the actuarially required amount. The health insurance premium portion of the contribution rate was actuarially set at 1.48 percent of covered payroll. Active CORP (Maricopa County Corrections Officers) members were required by statute to contribute 8.41 percent of the members' annual covered payroll. In addition, the County was required to contribute 8.65 percent. The aggregate of members' and the County's contributions is the actuarially required amount. The health insurance premium portion of the contribution rate was actuarially set at 0.74 percent of covered payroll. Active CORP (AOC Probation) members were required by statute to contribute 8.41 percent of the members' annual covered payroll, and the County was required to contribute 6.00 percent. The health insurance premium portion of the contribution rate was set at 0.24 percent of covered payroll. Active EORP members were required by statute to contribute 7.00 percent of the members' annual covered payroll; and the County was required to remit a designated portion of certain court fees plus additional contributions at the actuarially determined rate of 14.25 percent of the members' annual covered. The health insurance premium portion of the contribution rate for normal cost was actuarially set at 1.89 percent of covered payroll.

Notes to the Financial Statements

(Continued)

Actuarial methods and assumptions – Except for the contribution requirements for probation officers participating in the CORP (AOC Probation) plan, which were established by state statute, the contribution requirements for the year ended June 30, 2010, were established by the June 30, 2008, actuarial valuations, and those actuarial valuations were based on the following actuarial methods and assumptions.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the plans and the annual required contributions are subject to continual revision as actual results are compared to past expectations and new estimates are made. The required schedule of funding progress presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of the plans' assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Projections of benefits are based on 1) the plans as understood by the County and plans' members and include the types of benefits in force at the valuation date, and 2) the pattern of sharing benefit costs between the County and plans' members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. The significant actuarial methods and assumptions used are the same for all plans and related benefits (unless noted), and the actuarial methods and assumptions used to establish the fiscal year 2010 contribution requirements, are as follows:

Actuarial valuation date	June 30, 2008
Actuarial cost method	Projected unit credit
Amortization method	Level percent closed for unfunded accrued liability, open for excess
Remaining amortization period	28 years for unfunded actuarial accrued liability, 20 years for excess
Asset valuation method	Smoothed market value
Actuarial assumptions:	
Investments rate of return	8.50%
Projected salary increases includes inflation at	5.50%-8.50% for PSPRS and CORP, 5.00% for EORP 5.50% for PSPRS and CORP; 5.00% for EORP

Annual Pension Cost/OPEB Cost - The County's pension/OPEB cost for the agent plans for the year ended June 30, 2010, and related information follows.

	PSPRS		CORP		EORP
	(Sheriff)	(Investigators)	(Corrections)	(AOC Probation)	
Pension:					
Annual pension/OPEB cost	\$ 8,626,734	\$ 186,669	\$ 6,887,446	\$ 3,129,385	\$ 6,841,525
Contributions made	8,626,734	186,669	6,887,446	3,129,385	6,841,525
Health Insurance:					
Annual pension/OPEB cost	\$ 661,753	\$ 13,112	\$ 666,285	\$ 130,391	\$ 341,585
Contributions made	661,753	13,112	666,285	130,391	341,585

Trend Information – Annual pension cost information for the current and two preceding years for each of the agent plans follows. Separately reported OPEB cost information for the last year of the required trend information will be prepared next year when it becomes available.

CORP (AOC Probation)	144,185	100.0%	0
EORP	180,890	100.0%	0

Funded Status - The funded status of the plans as of the most recent valuation date, June 30, 2010, along with the actuarial assumptions and methods used in those valuations follow. All participating jurisdictions of the CORP (AOC Probation) plan are grouped under one local board and only one actuarial report is completed for the entire group. As a result, data regarding the actuarial accrued liabilities, actuarial value of assets, and funded status of the plan is not available solely for Maricopa County. Thus, the information provided below for CORP (AOC Probation) represents data for the entire plan group and includes all participating jurisdictions. The EORP, by statute, is a cost-sharing plan. However, because of its statutory construction, in accordance with GASB Statement No. 43, paragraphs 5 and 41, the EORP is reported for such purposes as an agent multiple-employer plan. The Fund Manager obtains an actuarial valuation for the EORP on its statutory basis as a cost-sharing plan and, therefore, actuarial information for the County, as a participating government, is not available.

Notes to the Financial Statements

The actuarial methods and assumptions used are the same for all plans and related benefits, and for the most recent valuation date, are as follows:

Actuarial valuation date	June 30, 2010
Actuarial cost method	Projected unit credit
Amortization method	Level percent-of-pay closed
Remaining amortization period	26 years for unfunded actuarial accrued liability, 20 years for excess
Asset valuation method	7-year smoothed market
Actuarial assumptions:	
Investment rate of return	8.50%
Projected salary increases includes inflation at	5.50%-8.50% for PSPRS and CORP, 5.00% for EORP 5.50% for PSPRS and CORP; 5.00% for EORP

NOTE 20 – INTERFUND BALANCES AND ACTIVITY

Interfund receivables and payables – interfund balances at June 30, 2010, were as follows:

Payable from	Payable To	
	General Fund	Total Due To
Nonmajor Governmental Funds	\$ 7,439,014	\$ 7,439,014
Internal Service Funds	825,491	825,491
Total Due From	<u>\$ 8,264,505</u>	<u>\$ 8,264,505</u>

All interfund receivables and payables represent cash deficits that were the result of timing differences from grant revenues received in the subsequent year and cash transfers that had not occurred at June 30, 2010.

Interfund transfers – interfund transfers for the year ended June 30, 2010, were as follows:

Transfers Out	Transfers In					Total Transfers Out
	General Fund	Detention Operations Fund	County Improvement Debt Fund	General Fund County Improvements Fund	Nonmajor Governmental Funds	
General Fund	\$	\$174,201,720	\$	\$ 65,288,784	\$ 346,504	\$ 239,837,008
Detention Operations Fund	2,065,961				4,000	2,069,961
County Improvement Debt Fund	1,264,864					1,264,864
General Fund County Improvements Fund			9,065,698		46,506,143	55,571,841
Nonmajor Governmental Funds	7,580		1,081,585	90,000	83,536,676	84,715,841
Internal Service Funds					36,693	36,693
Total Transfers In	<u>\$ 3,338,405</u>	<u>\$174,201,720</u>	<u>\$ 10,147,283</u>	<u>\$ 65,378,784</u>	<u>\$130,430,016</u>	<u>\$ 383,496,208</u>

Transfers of capital assets:

Internal Service Funds transfer of capital assets to governmental activities						38,698
						<u>\$ 383,534,906</u>

Notes to the Financial Statements

(Continued)

In the fund financial statements, total transfers in of \$383,496,208 are less than transfers out of \$383,534,906 because of transfers of capital assets between the proprietary and governmental funds. During the year, existing capital assets with book values of \$38,698 were transferred from the internal service funds to governmental activities. The internal service funds reported transfers out for the net carrying value of the assets; however, there were no offsetting transfers in reported as these capital assets were transferred to governmental activities in the government-wide financial statements.

All interfund transfers are budgeted and are used to move revenues from the fund that collects them to the fund that expends them.

The interfund receivables, payables, and transfers by fund are as follows:

Funds	Due From Other Funds	Due To Other Funds	Transfers In	Transfers Out

NOTE 21 – SUBSEQUENT EVENTS

On September 22, 2010, the Maricopa County Board of Supervisors adopted a resolution to review Sheriff's Office financial transactions for alleged misspending of Detention Operations Fund monies, which are restricted as to purpose. However, a reasonable estimate will not be known until further financial transaction reviews are complete; therefore, no accrual for potential General Fund liability can be reasonably determined, as of December 20, 2010.

On December 13, 2010, the Maricopa County Board of Supervisors adopted a resolution, pursuant to Arizona Revised Statutes ("A.R.S.") §36-1404, for the Housing Authority of Maricopa County (Authority). Although the Authority is still considered a legally separate entity pursuant to A.R.S. §36-1404, as a result of this resolution, the Maricopa County Board of Supervisors now serves as the Authority's Board of Commissioners and is able to significantly influence the programs, projects, activities and level of services provided by the Authority. Therefore, effective December 13, 2010, the Authority is considered a blended component unit of the County.

Note to Budgetary Comparison Schedules
June 30, 2010

NOTE 1 – BUDGETARY BASIS OF ACCOUNTING

Budgeting and Budgetary Control

Arizona Revised Statutes (A.R.S.) requires the County to prepare and adopt a balanced budget annually for each governmental fund. The Board of Supervisors must approve such operating budgets on or before the third Monday in July to allow sufficient time for the legal announcements and hearings required for the adoption of the property tax levy on the third Monday in August. A.R.S. prohibits expenditures or liabilities in excess of the amounts budgeted.

Essentially, the County prepares its budget on the same modified accrual basis of accounting used to record actual revenues and expenditures.

The County has adopted budgets in accordance with the A.R.S. requirements for the General, Special Revenue, Debt Service, and Capital Projects Funds, with the exception of the following funds: Accommodation Schools, Street Lighting District, Special Assessment, and the Special Improvement Districts funds. In accordance with GASB Statement No. 34, budgetary comparison schedules should be presented in the required supplementary information for only the General Fund and for each major Special Revenue Fund. Formal budget integration is not employed for the Internal Service Funds because effective budgetary control is alternatively achieved through capability of cost recovery. Budgeted amounts are reported as originally adopted and as amended by authorization from the Board of Supervisors. All budget adjustments with the exception of the Judicial Branch, which includes Adult Probation, Justice Courts, Juvenile Probation and Superior Court, require authorization from the Board of Supervisors. The Judicial Branch appropriations can be moved between the Judicial Branch departments by fund, as requested and approved by the Presiding Judge, without further Board approval. Budgeted appropriations include expenditures and transfers out. Expenditures and transfers out may not legally exceed appropriations at the department level. With the exception of the General Fund, each fund includes only one department.

General Fund indirect costs recovery was a budgeted activity, but this activity was eliminated on the Statement of Revenues, Expenditures, and Changes in Fund Balances. The following schedule reconciles the excess of revenues over expenditures from the Statement of Revenues, Expenditures, and Changes in Fund Balances to the budgetary comparison schedules.

	<u>General Fund</u>
Excess of revenues over expenditures from the Statement of Revenues, Expenditures, and Changes in Fund Balances	\$ 315,426,997
Net indirect cost adjustment – revenue /expenditures	<u>(10,028,577)</u>
Excess of revenues over expenditures from the budgetary comparison schedule	<u>\$ 305,398,420</u>

Maricopa County
Required Supplementary Information
Note to Schedule of Agent Retirement Plans' Funding Progress
June 30, 2010

NOTE 1 – ACTUARIAL INFORMATION AVAILABLE

For the CORP (AOC Probation) plan, all participating jurisdictions are grouped under one local board and only one actuarial report is completed for the entire group. As a result, the information provided for CORP (AOC Probation) represents data for the entire plan group as data regarding the actuarial accrued liabilities, actuarial value of assets, and funded status of the plan is not available solely for Maricopa County.

The EORP, by statute, is a cost-sharing plan. However, because of its statutory construction, in accordance with GASB Statement No. 43, paragraphs 5 and 41, the EORP is reported for such purposes as an agent multiple-employer plan. The Fund Manager obtains an actuarial valuation for the EORP on its statutory basis as a cost-sharing plan and, therefore, actuarial information for the County, as a participating government, is not available.

Roadway System	87%	86%	84%	82%	83%
Percentage of Lane Miles in Substandard Condition < 55					
	FY 2010	FY 2009	FY 2008	FY 2007	FY 2006
Roadway System	1%	1%	2%	2%	3%
Comparison of Estimated to Actual Maintenance/Preservation					
	FY 2010	FY 2009	FY 2008	FY 2007	FY 2006
Estimated	\$ 33,256,730	\$ 10,343,500	\$ 11,473,000	\$ 12,489,748	\$ 12,000,936
Actual	\$ 26,678,268	\$ 12,525,108	\$ 11,236,488	\$ 13,101,752	\$ 11,842,077

The condition of road pavement is measured using the Maricopa County Department of Transportation (MCDOT) Road Management System (RMS), which is based on weighted averages of nine distress factors of the pavement surface. The RMS used a measurement scale to evaluate the Pavement Condition Rating (PCR) ranging from zero for a failed pavement to 100 for a pavement in perfect condition. The PCR index is used to classify roads in very good or excellent condition (71-100), good condition (55-70), and substandard condition (less than 55). It is the County's policy to maintain at least 75% of the roadways at a very good or excellent condition level. No more than 5% should be in a substandard condition. Pavement condition assessments are determined annually for all arterial roads and approximately one-half of the local roads are inspected annually.

Condition Rating of Maricopa County
Bridge System

Percentage of Bridges with a Sufficiency Rating >= 70					
	FY 2010	FY 2009	FY 2008	FY 2007	FY 2006
Bridge System	99%	97%	99%	98%	98%
Percentage of Bridges with a Sufficiency Rating < 50					
	FY 2010	FY 2009	FY 2008	FY 2007	FY 2006
Bridge System	0%	0%	0%	0%	0%
Comparison of Estimated to Actual Maintenance/Preservation					
	FY 2010	FY 2009	FY 2008	FY 2007	FY 2006
Estimated	\$1,730,000	\$2,820,000	\$ 473,000	\$ 950,000	\$ 1,302,721
Actual	\$ 966,743	\$ 955,766	\$ 151,752	\$ 528,034	\$ 880,911

The condition of the County's bridges is determined using the MCDOT bridge inspection program that follows federal mandates and regulations. The bridge sufficiency rating, which is a weighted average of an assessment of the ability of individual components to meet necessary performance requirements, uses a numerical condition scale ranging from 0 to 100. It is the County's policy that 90% of bridges will have a rating of >=70 and no more than 3% of bridges will have a rating of <50. All bridges are inspected every two years (approximately one-half of the bridges are inspected annually).

**Combining and Individual Fund
Statements and Schedules
Nonmajor Governmental Funds**

Maricopa County

Listing of Nonmajor Governmental Funds

Special Revenue Funds

Accommodation Schools — (Fund 509) Accounts for the maintenance and operations of the accommodation schools.

Adult Probation Fees — (Fund 201) Collects the fees assessed to persons placed on probation in the Superior Court per A.R.S. §13-901. Monies collected are used to supplement County General Fund appropriations for the compensation costs of probation officers who provide pre-sentence investigations (A.R.S. §12-267).

Adult Probation Grants — (Fund 211) Revenues consist of grant funds that are used for domestic violence, women's treatment programs, gang prevention and criminal justice records improvement.

Air Quality Fees — (Fund 504) Air Quality works to protect the environment and public health through control, preservation, and improvement of the County's air quality. Permit revenue authorized by A.R.S. §49-480 is the funding source.

Air Quality Grants — (Fund 503) Air Quality Grants was set up to account for all grant activity administered by the Air Quality Department.

Animal Control Field Operations — (Fund 574) Accounts for the Animal Control field services that are an optional County service from Animal Control pound activities, which are required by Arizona State Statute.

Animal Control Grants — (Fund 573) Animal Control Grants was set up to account for all grant activity administered by Animal Control.

Animal Control License/Shelter — (Fund 572) Animal Control reduces the incidences of animal inflicted injuries and reduces the risk of exposure to rabies through enforcement of dog licensing laws, leash laws, capture and impoundment of stray dogs, public education, adoption or humane disposal of excess animals. Licenses and fees are the primary funding source.

Internal Service Funds**

Maricopa County

Listing of Internal Service Funds

Internal Service Funds are used to account for services and commodities provided by one department or agency to other departments or agencies of the County. These services are provided on a cost-reimbursement basis. The following is a listing of the Internal Service Funds reported within Maricopa County.

Equipment Services - This fund provides assistance to other Maricopa County departments to ensure quality service to the citizens of Maricopa County by furnishing and maintaining the necessary County mobile equipment in an efficient manner.

Telecommunications - This fund provides cost effective voice, data, and radio communications to County employees.

Reprographics - This fund provides the County's printing and duplicating services.

Risk Management - This fund supports the comprehensive insurance/self-insurance program, which safeguards County assets and employees by means of a Trust Fund. Personnel skilled in loss control, claims and litigation and workers' compensation work together to avert risk and conserve the human and financial resources of Maricopa County.

Employee Benefits Trust - This fund collects employee and employer contributions for payment of the employees' medical, dental, pharmacy, and short-term disability benefits.

Sheriff Warehouse - Sheriff Warehouse tracks inventory activity for supplies purchased by the warehouse for resale and stores consignment inventory for other departments.

Agency Fund

Maricopa County Listing of Agency Fund

Agency Funds are used to account for assets held by the County in a fiduciary capacity or as an agent for individuals, private organizations, other governments and/or other funds.

The County maintains an Agency Fund, which is not under the control of the Board of Supervisors. The Agency Fund is custodial in nature and does not involve measurement of results of operations.

AGENCY FUND

Special Purpose - The Special Purpose Fund accounts for receipts, which are designated for special purposes and are not related to an individual governmental unit.

Prior to fiscal year 2001-02, the changes in net assets are not available due to the initial year of GASB Statement No. 34 presentation.

(1) Beginning fiscal year 2007, general government expenses include loss on disposal of capital assets. This amount was previously shown separately within general revenues on the Statement of Activities. For comparison purposes, for fiscal years 2002, 2005 and 2006, loss on disposal of capital assets was reclassified on this schedule into general government
