The Honorable Maricopa County Stadium District Board of Directors:

It is our pleasure to submit to you the Comprehensive Annual Financial Report of the Maricopa County Stadium District (Stadium District) for the year ended June 30, 2011 in accordance with Arizona Revised Statute §48-4231.D. The Statute requires that the Stadium District receive an independent financial audit of the accounts and records of the Stadium District within 120 days of the June 30 fiscal year end.

LarsonAllen, LLP, a certified public accounting firm, has audited the Stadium District's financial statements for the year ended June 30, 2011 and issued an unqualified ("clean") opinion. The examination was conducted in accordance with U. S. generally accepted governmental auditing standards and the Independent Auditors' Report is located at the front of the financial section of this report.

Management assumes full responsibility for the completeness and reliability of the information contained in this report. Management of the Stadium District has established a comprehensive internal control framework that is designed both to protect the Stadium District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Stadium District's financial statements in conformity with accounting principles generally accepted in the United States of America. Because the cost of internal controls should not outweigh their benefits, the Stadium District's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from any material misstatement.

Management's discussion and analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

PROFILE OF THE DISTRICT

The Stadium District was formed in accordance with ARS §48-4202.A. through action of the Maricopa County Board of Supervisors in September 1991. The Stadium District has a Board of Directors consisting of the five members of the Maricopa County Board of Supervisors. The County Manager serves as the Executive Director of the Stadium District. The Stadium District is located in the central portion of the State of Arizona and has the same boundaries as Maricopa County. The District's boundaries encompass the Greater Metropolitan Phoenix (GMPA) area. The GMPA includes the cities of Phoenix, Tempe, Mesa, Scottsdale, Glendale, Peoria, Goodyear, Surprise, Chandler and the town of Paradise Valley. The Stadium District is staffed with three staff members and the Executive Director Representative as shown on the List of Principal Officials.

From the Stadium District's inception through 1996, the Stadium District provided funds for building or renovating seven Cactus League baseball spring training facilities. On February 17, 1994, the Stadium District entered into an agreement with the Arizona Professional Baseball Team Limited Partnership to finance a portion of the acquisition cost and construction for a new major league baseball stadium currently known as Chase Field.

The Stadium District owns Chase Field, home of the Arizona Diamondbacks, which opened in 1998 under the name Bank One Ballpark. Bank One was bought by JPMorgan Chase. In the fall of 2005, the name of the ballpark was changed to Chase Field.

The Stadium District is a blended component unit of Maricopa County. The Stadium District's financial information is included in the Maricopa County Comprehensive Annual Financial Report.

The annual operating budget serves as the foundation for the Stadium District's financial planning and control. The Stadium District is required by ARS §48-4232 to annually prepare and adopt a balanced budget. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual operating budget approved by the Board of Directors not later than June 30 each year. Arizona law further requires that no expenditure shall be made or liability incurred in excess of the amounts budgeted except as provided by law, however, expenditures can be transferred between line items within a fund without seeking Board approval. The level at which expenditures may not legally exceed appropriations is the fund level; however, the Board of Directors may amend the budget upon a finding of good cause.

A schedule of revenues, expenditures and changes in fund balance (budget and actual) is provided in this report for the Chase Field General Fund, Cactus League Special Revenue Fund, Debt Service Fund, and Chase Field Capital Projects Reserve Fund.

ECONOMIC CONDITION

Maricopa County Stadium District's primary revenue source for Stadium District operations and capital maintenance of Chase Field is the use of Chase Field. The Stadium District generates revenue through use agreements with the Arizona Diamondbacks and the Stadium District's Booking Manager, Select Artists Associates/SMG. These agreements provide base levels of revenue plus additional revenues which increase/decrease with ticket prices or attendance. As a result of the slow economic recovery, fiscal year 2011 revenues from the Arizona Diamondbacks were less than the budgeted amount for fiscal year 2011.

Maricopa County Stadium District's primary revenue source for Cactus League purposes and Bond repayment is the Auto Rental Surcharge of \$2.50 per rental car contract. This revenue is dependent entirely on the number of autos rented within the Stadium District boundaries (Maricopa County). This revenue stream has been deeply affected by the economic downturn during the prior two fiscal years. In fiscal years 2009 and 2010, revenue from the Auto Rental Surcharge failed to cover the annual principal and interest expenditures, the shortfall was covered by fund balance. Subsequently, in 2011, Fitch Ratings downgraded the Maricopa County Stadium District's Bond Rating from BBB+ to BBB-. Despite the slow economic recovery and continued high unemployment, fiscal year 2011 saw revenues increase by 6.85% from the previous year. The Arizona Workforce Annual Forecast Report states that "the weaker U. S. dollar relative to foreign currencies resulted in an increase in international tourism. According to an article in the Phoenix Business Journal, Sky Harbor airport saw an increase of 10 million passengers or 4.4% above the first quarter of 2010. These two factors contributed to the increase in Auto Rental Surcharge revenue. Based on the aforementioned research report and article it is expected that Auto Rental Surcharge revenue will remain flat or rise at a slow pace during fiscal year 2012.

Debt service on the 2002 Revenue Refunding Bonds is the primary use of the auto rental surcharge revenue with a small portion being used for Cactus League operations of the Stadium District. Debt service payments and reserve funds for the refunding bonds were structured based on conservative revenue estimates; these revenues are expected to cover all debt service payments. The Stadium District has approximately two times the annual debt service payment amount in reserves and fund balances. Under the Intergovernmental Agreement with the Arizona Sports and Tourism Authority (AZSTA), the Stadium District forwards any remaining revenue after debt payments, required reserves and operations to the AZSTA to be used for Cactus League purposes. Fiscal year 2011 saw no transfer of remaining revenue to the AZSTA due to the decline in auto rental surcharge revenue. The Revenue Refunding Bonds are insured by Ambac.

The Arizona Workforce Annual Forecast Report states that “although employment recovery has begun, the speed of recovery has been weak. Arizona continues to face a slowdown in population growth, high levels of unemployment, large debt loads...etc. However, despite these conditions, there are many signs of improvement in the economic environment in the U.S. as well as Arizona...” “Gradual economic improvement in the domestic economy combined with rising export demand and international tourism is projected to propel expansion in the Arizona economy in 2011 and 2012.”

The Stadium District revenues are impacted by the contracts with the Arizona Diamondbacks and Stadium District Booking Manager as well as visitors to the Valley who are renting autos. As noted above, the contracts for use of the Stadium are based on fixed amounts with increases\decreases based on ticket prices and attendance. Because of the slow economic recovery these revenues are anticipated to remain flat throughout fiscal 2012.

Chase Field is a cornerstone of downtown Phoenix. The building of the ballpark was one of the catalysts for revitalization of the downtown area. During FY 2011 CityScape, the mixed-use development in downtown Phoenix featuring office, retail, a hotel and a redesigned Patriots Square held its Grand Opening in November 2010. Arizona Public Service Co built a solar structure to shade about 17,000 square feet of the plaza at Chase Field and include exhibits on renewable power and energy efficiency. The Downtown Phoenix Legends Signage District, a multi-media/multi-site advertising venue, began construction in May of 2011 along Jefferson Street. This District will become an advertising option that will showcase, through static and LED boards, events and traditional advertising.

The Stadium District can handle multi-sized events such as meetings, trade shows, banquets and concerts drawing 40,000+ attendees. The Stadium District has been used for such events as holiday parties by local corporations, galas by organizations hosting conferences at the Phoenix Convention Center and graduations hosted by local universities and colleges. Revenue generated by these events is used to make capital repairs and improvements to the ballpark and for Stadium District operations.

FINANCIAL POLICIES

It is the Board of Directors’ strategic goal to establish a fiscally prudent, balanced budget annually. This goal is evidenced in the consistency of the Stadium District’s budget from year-to-year. Generally about 5% of the Stadium District’s budget is for operations such as staffing.

Changes to the Stadium District budget from year to year are the result of major maintenance or capital projects which vary depending on the needs of the Stadium. The largest portion of the budget is to make bond payments on the outstanding bonds which were used to fund Cactus League facilities.

The construction of the ballpark was primarily funded by a ¼ of 1 percent sales tax which ended in November 1997, five months prior to the opening of the ballpark. Since that time, all Stadium District operations, major maintenance projects and capital improvements to the facility have been funded through charges for use of the ballpark. It is anticipated that all future capital repairs or improvements will be funded through charges for use of the ballpark.

Long-Term Financial Planning

As owner of Chase Field, the Stadium District's strategic plan focuses on the use and capital needs of the ballpark. The Stadium District's goals include increasing the use of the ballpark as well as generating revenue to build the necessary reserves for future capital improvements to the ballpark. The Stadium District is in a unique position compared to many public stadiums; the Stadium District has no outstanding debt from the initial construction of the stadium. The Stadium District is now focused on funding financial reserves for future capital needs of the stadium and capital improvements to remain a state-of-the-art facility to accommodate future world class national and international sports or championship events.

Revenue in the Chase Field General Fund is based on long-term agreements with the Arizona Diamondbacks and from Stadium District Events held at the ballpark. The majority of revenues from the Team agreements are fixed amounts with inflationary/deflationary factors tied to ticket prices as well as a small portion based on baseball game attendance. Ticket prices decreased by 0.04% for the 2011 season. A significant portion of the revenue from the 2011 season will be received by the Stadium District in December 2011 based on current agreements with the Arizona Diamondbacks. In addition, the booking manager for the Stadium District has entered into several multi-year agreements for events to be held at Chase Field.

AWARDS AND ACKNOWLEDGMENTS

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Maricopa County Stadium District for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2010. This was the seventh year that the Stadium District has received this nationally recognized prestigious award from GFOA. In order to be awarded a Certificate of Achievement, the Stadium District had to publish an easily readable and efficiently organized CAFR that satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for a 2011 certificate.

The preparation of this Comprehensive Annual Financial Report could not have been accomplished without the efficient and dedicated services of the entire Stadium District staff that assisted and contributed in its preparation. We also wish to express our sincere appreciation to the Board of Directors for their support in planning and overseeing the financial operations of the Stadium District in a responsible and progressive manner.

Respectfully submitted,

Daren K. Frank

INDEPENDENT AUDITORS' REPORT

Board of Directors
Maricopa County Stadium District
Phoenix, Arizona

We have audited the accompanying financial statements of the governmental activities and each major fund of the Maricopa County Stadium District (District), a component unit of Maricopa County, Arizona, as of and for the year ended June 30, 2011, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Maricopa County Stadium District, a component unit of Maricopa County, Arizona, as of June 30, 2011, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1 the Stadium District implemented Governmental Accounting Standards Board Statement No. 54 – *Fund Balance Reporting and Governmental Fund Type Definitions*. The Stadium District will report governmental fund balances as either nonspendable, restricted, committed, assigned, or unassigned..

In accordance with Government Auditing Standards, we have also issued our report dated September 28, 2011 on our consideration of the Stadium District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 10-18 and the required supplementary information other than the MD&A on pages 42-43 are not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Stadium District's basic financial statements. The introductory section, statistical section and the other supplementary information – budget to actual other major governmental funds are presented for purposes of additional analysis and are not part of the basic financial statements. The introductory and statistical sections have not been subject to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them. The other supplementary information – budget to actual other major governmental funds have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2011**

This section of the Maricopa County Stadium District's (Stadium District) financial report presents a discussion and analysis of the Stadium District's financial performance during the fiscal year ended June 30, 2011. Please read it in conjunction with the Stadium District's basic financial statements following this section.

FINANCIAL HIGHLIGHTS

- ◆ The assets of the Stadium District exceeded liabilities at the close of the prior fiscal year by \$280.2 million (net assets). Of this amount, \$284.2 million is invested in capital assets, net of related debt, \$22.0 million is restricted, and unrestricted net assets had a deficit balance of \$26.0 million.
- ◆ The Stadium District's total net assets decreased by \$2.9 million. Net assets decreased primarily due to maintenance on the Stadium roof and upgrades to the suite space.
- ◆ The Stadium District's total long-term debt decreased by \$4.8 million in comparison with the prior year. This decrease is due to the Stadium District making a \$3.4 million principal payment on the 2002 Revenue Refunding Bonds and a \$1.2 million principal payment on the contractual obligations held by the Team. The Stadium District's outstanding debt consists of \$34.5 million in 2002 Revenue Refunding Bonds and \$8.1 million in commitments payable to the Team for stadium renovations and upgrades.
- ◆ As of June 30, 2011, the governmental funds reported combined fund balances of \$30.5 million, a decrease of \$90,798 in comparison with the prior year. Of the combined fund balance, \$3.6 million is reserved for Cactus League purposes, \$9.3 million is reserved to fund Cactus League debt service and \$9.2 million is reserved to fund future capital improvements to Chase Field.
- ◆ At the end of the fiscal year, unassigned fund balance for the Chase Field General Fund was \$8.5 million, or 205% of total General Fund expenditures. Although the restricted fund balance in the Debt Service and Chase Field Capital Projects Reserve funds would be used to pay expenditures of these funds; when compared to total expenditures, the unassigned Chase Field General Fund fund's balance is 79% of total governmental expenditures during the current fiscal year.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Stadium District's basic financial statements. The Stadium District's basic financial statements comprise three components 1) Government-wide financial statements; 2) Fund financial statements; and 3) Notes to the financial statements. Required Supplementary Information is included in addition to the basic financial statements.

**MARICOPA COUNTY STADIUM DISTRICT
(A COMPONENT UNIT OF MARICOPA COUNTY)
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2011**

Government-Wide Financial Statements

Government-wide Financial Statements are designed to provide readers with a broad overview of the Stadium District's finances, in a manner similar to private-sector business. The accrual basis of accounting is used for the government-wide financial statements.

The statement of net assets presents information on all Stadium District assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Stadium District is improving or deteriorating.

The statement of activities presents information showing how net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

Both of these government-wide financial statements distinguish functions of the Stadium District that are principally supported by Chase Field operations and auto rental surcharge revenues (governmental activities). The governmental activity of the Stadium District is culture and recreation. The Stadium District has no business-type activities.

The Stadium District is a blended component unit of Maricopa County and is included as such in the County's Comprehensive Annual Financial Report.

The Stadium District has no component units.

Fund Financial Statements

Fund Financial Statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The Stadium District, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds of the Stadium District are governmental funds.

- ◆ *Governmental Funds* – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements use the modified accrual basis of accounting and focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Stadium District's near-term financing requirements.

**MARICOPA COUNTY STADIUM DISTRICT
(A COMPONENT UNIT OF MARICOPA COUNTY)
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2011**

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The Stadium District maintains four individual governmental funds, all of which are reported as major funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the Chase Field General Fund, Cactus League Special Revenue Fund, Debt Service Fund, and Chase Field Capital Projects Reserve Fund.

The Stadium District has no proprietary or fiduciary funds.

Notes to Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

Required Supplementary Information

Required supplementary information is presented concerning the Stadium District's Chase Field General Fund and Cactus League Special Revenue Fund budgetary schedules. The Debt Service Fund and Chase Field Capital Projects Reserve Fund budgetary schedules are presented as other supplementary information. Budgetary comparison schedules have been provided to demonstrate compliance with the budgets.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the Stadium District, assets exceeded liabilities by \$280.2 million at the close of the current fiscal year.

MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2011**

The following table reflects the condensed statement of net assets as of June 30, 2011 and 2010.

**Table A-1
Condensed Statement of Net Assets**

	2011	2010	Percent Change
Assets			
Current and Other Assets	\$ 30,809,053	\$ 31,004,416	-0.63%
Capital Assets:			
Non-depreciable	35,608,005	35,608,005	0.00%
Depreciable (net)	256,683,702	263,964,990	-2.76%
Total Assets	<u>323,100,760</u>	<u>330,577,411</u>	-2.26%
Liabilities			
Other Liabilities	167,881	194,585	-13.72%
Long-Term Liabilities:			
Due Within One Year	4,792,217	4,575,858	4.73%
Due in More Than One Year	37,975,295	42,786,441	-11.24%
Total Liabilities	<u>42,935,393</u>	<u>47,556,884</u>	-9.72%
Net Assets			
Invested in Capital Assets, Net of Related Debt	284,184,850	290,286,897	-2.10%
Restricted	22,131,926	-	0.00%
Unrestricted	(26,151,409)	(7,266,370)	259.90%
Total Net Assets	<u>\$ 280,165,367</u>	<u>\$ 283,020,527</u>	-1.01%

By far the largest portion of the Stadium District's net assets reflects its investment in capital assets, mainly the Chase Field, less \$8.1 million in related debt used for stadium renovations and upgrades. The restricted net assets represents net assets restricted for the cactus league operations, debt service and capital outlay. The deficit balance for unrestricted net assets is a result of the long-term bonds issued for Cactus League facilities while ownership of these facilities lies with the local government, rather than the Stadium District. Therefore the Stadium District statements show the liability for the long-term bonds issued, but not the asset constructed with the bond proceeds. The entire amount of debt to be repaid over time is presented on the Statement of Net Assets, while the revenue to repay the debt, from auto rental surcharge collections, will be presented on the Statement of Activities in the year it is collected.

The Stadium District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Stadium District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The decrease of \$2.9 million in Stadium District net assets is due primarily to perform maintenance on the roof and upgrade the Stadium's suite space.

Total revenues increased \$234,443 or 2.2 percent.

- ◆ Charges for services decreased \$68,913 or 1.6% as a result of lower baseball game attendance which impacted the amount of fees collected.
- ◆ Capital grants and contributions increased by \$29,000 or 2.7% as a result of the net effect of a donated capital contribution to Chase Field from the Team and a reduction in fees received as a result of lower baseball game attendance.

**MARICOPA COUNTY STADIUM DISTRICT
(A COMPONENT UNIT OF MARICOPA COUNTY)
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2011**

- ◆ Auto rental surcharge increased by \$319,693 or 6.9% which is directly related to the number of auto rental contracts entered into during the fiscal year between auto leasing companies and renters.
- ◆ Interest earnings decreased \$46,873 or 9.9% primarily as a direct result of declining interest rates and a decrease in the cash balance due to repair and maintenance projects.

Total expenses increased \$2,249,906, or 19.8%.

- ◆ Culture and recreation expenses increased by \$2.4 million, or 26%, as a result of repair and maintenance projects performed to repair the roof of the stadium and upgrade suite space.
- ◆ Interest on long-term debt decreased by \$134,366, or 6.1%, as a result of a reduction in the principal balance on the 2002 Revenue Refunding bonds.
- ◆ Loss on disposal of capital asset decreased by \$1,915,983, or 100%, as there was an extraordinary amount of disposed assets in the prior fiscal year.

FINANCIAL ANALYSIS OF THE STADIUM DISTRICT'S FUNDS

As noted earlier, the Stadium District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds – The general government functions are contained in the Chase Field General, Cactus League Special Revenue, Debt Service, and Chase Field Capital Project Reserve Funds. The focus of the Stadium District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Stadium District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2011**

The Chase Field General Fund is the chief operating fund of the Stadium District. At the end of the current fiscal year, unassigned and total fund balance was \$8.5 million. As a measure of liquidity, it may be useful to compare fund balance to total fund expenditures. Unassigned fund balance represents 205% of total Chase Field General Fund expenditures.

The fund balance of the Stadium District's Chase Field General Fund increased by \$851,175 during the current fiscal year. This increase is due to Stadium District policy of budgeting for expenditures not to exceed expected revenues. As a result of this policy actual expenditures for the current fiscal year were less than actual revenues resulting in a fund balance increase.

The Cactus League Special Revenue Fund balance increased by \$123,078 during the current fiscal year. This increase resulted from interest income and auto rental surcharge revenue of \$144,072 for operations and very low operating expenses. The Debt Service Fund balance decreased by \$213,063 or 2%. The decrease in the fund balance is directly related to the decline in auto rental surcharge revenue. The fund balance for the Chase Field Capital Projects Reserve Fund decreased by \$851,988 as a result of the repair and maintenance on the Stadium roof and the suite space renovations.

The following table indicates the changes in fund balance for governmental funds for the fiscal years ended June 30, 2011.

**Table A-3
Fund Balances**

Fund	Balance	Increase (Decrease) From 2009-10
Chase Field General Fund	\$ 8,539,623	\$ 851,175
Cactus League Special Revenue Fund	\$ 3,571,575	\$ 123,078
Debt Service Fund	\$ 9,255,676	\$ (213,063)
Chase Field Capital Projects Reserve Fund	\$ 9,150,448	\$ (851,988)

BUDGETARY HIGHLIGHTS

A schedule showing the original and final budget amounts compared to the Stadium District's actual financial activity for the Chase Field General Fund is provided in this report as required supplementary information. The favorable variance of \$994,761 in culture and recreation and capital outlay expenditures was primarily a result of a transfer to the Capital Projects Fund that was \$517,852 less than budget and the Line-up Boards project which was \$423,341 less than budget.

CAPITAL ASSETS

The Stadium District's investment in capital assets for its governmental activities at year end amounted to \$292.3 million. This investment in capital assets includes land, buildings and improvements, and machinery and equipment. The total decrease in the Stadium District's investment in capital assets for the current period was 2.4%, primarily due to a greater amount depreciation expense incurred in the current year compared to capital asset additions.

Capital assets for the governmental activities are presented below to illustrate changes from the prior year.

**Table A-4
Capital Assets
(Net of Accumulated Depreciation)**

	2011	2010	Percent Change

Buildings and Improvements	244,537,686	251,334,616	-2.70%
Machinery and Equipment	12,146,016	12,630,374	-3.83%
Total Capital Assets	<u>\$ 292,291,707</u>	<u>\$ 299,572,995</u>	-2.43%

Additional information on the Stadium District's capital assets can be found in the notes to the financial statements, Note 5.

LONG-TERM DEBT ACTIVITY

At the current fiscal year end, the Stadium District had total long-term debt outstanding of \$42.6 million as compared to \$47.2 million in the prior fiscal year excluding the premium and deferred amount on the refunding. This amount is comprised of commitments payable to the Team for \$8.1 million and the 2002 Revenue Refunding Bonds outstanding of \$34.5 million. The bonds are insured by Ambac and carry an insured and underlying rating of "BBB-" assigned by Fitch Ratings.

The 2002 Revenue Refunding Bonds are revenue bonds backed by the auto rental surcharge revenue. The 2002 Revenue Refunding Bonds were issued to refund all outstanding Cactus League debt in order to take advantage of favorable interest rates. The commitments to the Team are payable from revenue paid to the Stadium District by the Team under certain agreements for ballpark operations. For additional information, see the notes to the financial statements Note 7.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

- ◆ It is expected that a slow economic recovery will continue throughout the 2011-2012 budget year, accordingly Auto Rental surcharge revenue has been budgeted to remain flat. Many of the Stadium District's revenues are related to use agreements, as opposed to property or sales taxes; therefore, operating revenues are expected to remain stable.
- ◆ Baseball ticket prices decreased by 0.04% for the 2011 season. Many of the revenue sources that the Stadium District receives from the Diamondbacks are increased/decreased based on ticket prices. A significant portion of the revenue from the 2011 season will be received by the Stadium District in December 2011. Based on the decrease in ticket prices as well as the forecasted slow economic recovery, revenues from the Diamondbacks have been budgeted to remain flat.
- ◆ Competition from other venues in the area increases the need to ensure that the ballpark remains a state-of-the-art facility by making necessary capital improvements.

All of these factors were considered in preparing the Stadium District's budget for the 2011-12 fiscal year. The 2011-12 budget is the same as the 2010-11 budget with the exception of a reduction in Chase Field Operations Revenue of \$250,000 resulting from completion of the terms of one of the agreements with the Diamondbacks. Expenditures were reduced by; \$2.1 million as a result of the completion of the major maintenance projects; \$179,241 for the completion of the loan payment on suite renovations phase 1 and an increase of \$200,000 for the first of ten payments to the Team for suite renovations phase 2.

REQUESTS FOR INFORMATION

The issuance of long term debt (e.g. bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. The issuance of long-term debt increases long-term liabilities on the statement of net assets and the repayment of principal on long-term debt reduces long-term debt on the statement of net assets. Also, governmental funds report the effect of issuance costs, premiums, and similar items when the debt is first issued, whereas these items are deferred and amortized over the term of the long term debt in the statement of activities.

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2011**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Maricopa County Stadium District (the "Stadium District") have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The more significant of the Stadium District's accounting policies are described below.

A. Reporting Entity

The Stadium District is a blended component unit of Maricopa County. Component units are legally separate entities for which the County is considered to be financially accountable.

The Stadium District was formed through action of the Maricopa County Board of Supervisors in September 1991 pursuant to Title 48, Chapter 26, Arizona Revised Statutes (the "Act"). The Stadium District and the County have the same boundaries. The Stadium District may acquire land and construct, finance, furnish, maintain, improve, operate, market and promote the use of existing or proposed major league baseball spring training facilities or stadiums and other structures, utilities, roads, parking areas or buildings necessary for full use of the training facilities or stadiums for sports and other purposes. The Stadium District has authority to issue special obligation bonds for this purpose.

The Stadium District has a Board of Directors consisting of the five members of the Maricopa County (the "County") Board of Supervisors, with the County Manager serving as the Executive Director of the Stadium District.

From the Stadium District's inception through 1996, the Stadium District provided funds for building or renovating seven Cactus League facilities within the County. Fifteen major league baseball teams hold spring training games in the County as part of the Cactus League: California Angels, Chicago Cubs, Milwaukee Brewers, Oakland Athletics, San Diego Padres, San Francisco Giants, Seattle Mariners, Arizona Diamondbacks, Chicago White Sox, Colorado Rockies, Kansas City Royals, Texas Rangers, Los Angeles Dodgers, Cleveland Indians, and Cincinnati Reds.

The Stadium District owns Chase Field, home of the Arizona Diamondbacks, which opened in 1998. On February 17, 1994, the Stadium District entered into an agreement with the Arizona Professional Baseball Team Limited Partnership (the "Team") to provide for the financing of a portion of the costs of acquisition and construction of a new major league baseball stadium.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) present financial information about the Stadium District as a whole. The reported information includes all of the activities of the Stadium District. For the most part, the effect of internal activity has been removed from these statements. These statements distinguish between the governmental and business-type activities of the Stadium District. Governmental activities normally are supported by taxes and intergovernmental revenues, and are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The Stadium District does not have any business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Sales taxes, auto rental surcharges and other items not included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Sales taxes and auto rental surcharges are recognized as revenues in the year in which the underlying exchange transaction occurs. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. As a general rule, the effect of internal activity has been eliminated from the government-wide financial statements; however, the effect of interfund services provided and used between functions is reported as expenses and program revenues at amounts approximating their external exchange value.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation
(Continued)**

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Stadium District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Compensated absences are recorded only when payment is due.

Chase Field operations, sales taxes, auto rental surcharges and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Grants and similar awards are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met.

Receivables that will not be collected within the available period are also reported as deferred revenue on the governmental fund financial statements.

When both restricted and unrestricted resources are available for use, it is the Stadium District's policy to use restricted resources first, then unrestricted resources as they are needed.

The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. All funds of the Stadium District are considered major.

During the current fiscal year, the Stadium District implemented GASB Statement No. 54 – Fund Balance Reporting and Governmental Fund Type Definitions. The Stadium District will report governmental fund balances as either nonspendable, restricted, committed, assigned, or unassigned. The Stadium District can only commit funds through a Board of Directors resolution and can only un-commit funds through the same procedure. Additionally, the Stadium District will report all General Fund ending balances as unassigned as they can be used for Stadium District operations allocated by the executive director. The Stadium District does not currently have a minimum fund balance policy or policy to assign funds and will not present any assigned fund balances.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation
(Continued)**

The Stadium District reports the following major governmental funds:

Major Governmental Funds

Chase Field General Fund

The Chase Field General Fund accounts for all resources used to finance Stadium District operations except those required to be accounted for in other funds and is considered the main operating fund.

Cactus League Special Revenue Fund

The Cactus League Special Revenue Fund accounts for specific revenue resources that are legally restricted to expenditures for specified purposes.

Debt Service Fund

The Debt Service Fund accounts for resources accumulated for the payment of long-term debt principal, interest and related costs.

Chase Field Capital Projects Reserve Fund

The Chase Field Capital Projects Reserve Fund is used to account for resources accumulated to fund future capital repairs in excess of \$100,000 and to update, refurbish, repair or otherwise improve the facility.

D. Investments

The County Treasurer has a fiduciary responsibility to administer all monies held in the County Treasury. The County Treasurer invests, on a pooled basis, all cash not specifically invested for a fund or program. Interest earned from investments purchased with such pooled monies is allocated to each of the funds based on their average daily cash balances on a quarterly basis. All investments are stated at fair value.

E. Investment Income

Investment income is composed of interest, dividends, and net changes in the fair value of applicable investments.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” All receivables are shown net of an allowance for uncollectibles, as applicable.

G. Capital Assets

Capital assets, which include land, buildings, and improvements; machinery and equipment, are reported in the government-wide financial statements.

Capital assets are defined by the Stadium District as assets with an initial, individual cost in excess of \$5,000 and an estimated useful life of more than one year. Such assets are recorded at historical cost, or estimated historical cost if purchased or constructed. Donated capital assets are recorded at the estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized.

Capital assets are depreciated using the straight line method over the following estimated useful lives:

Buildings and Improvements	20 – 50 Years
Machinery and Equipment	3 – 10 Years

H. Compensated Absences

The Stadium District’s employees’ leave plan generally provides for granting personal leave with pay. Accrued personal leave is earned by all permanent employees at various rates depending upon months of credited service.

At year-end the liability for accumulated personal leave, including related benefits, is presented in the government-wide financial statements. Expenses/expenditures for compensated absences are recorded in the government-wide financial statements when the liability is incurred and in the fund financial statements when paid. Generally, resources from the Chase Field General Fund are used to pay for compensated absences.

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2011**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. Compensated Absences (Continued)

Compensated absences are substantially paid within one year from fiscal year-end and, therefore, are reported as a current liability on the government-wide financial statements.

I. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities on the statement of net assets. Bond premiums and discounts, issuance costs, and the difference between the reacquisition price and the net carrying amount of the old debt are deferred and amortized over the life of the bonds using the straight-line method over the term of the related debt. Gains or losses on the issuance of refunding bonds are amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

J. Fund Equity

In the fund financial statements, governmental funds report non-spendable, restricted, committed, assigned, and unassigned fund balances. The Stadium District uses restricted funds first, then committed, assigned and unassigned. The Stadium District reports restricted fund balances for those funds that are restricted by an outside party. The Stadium District also reports unassigned fund balance in the Chase Field General Fund to be used for Stadium District operations.

K. Interfund Activity

Flows of cash from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers between governmental funds are eliminated in the Statement of Activities. Interfund transfers in the fund financial statements are reported as other financing sources/uses in governmental funds.

L. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

The Stadium District is required by Arizona law to prepare and adopt a budget annually for the Chase Field General, Cactus League Special Revenue, Debt Service, and Chase Field Reserve Capital Projects Funds. Arizona law further requires that no expenditure shall be made or liability incurred in excess of the amounts budgeted except as provided by law. Budget amounts are reported as originally adopted and as amended by authorization from the Board of Directors. Appropriations lapse at year-end.

The Stadium District budgets for governmental funds on a basis consistent with generally accepted accounting principles (GAAP).

NOTE 3 CASH AND INVESTMENTS

Deposits and investments at June 30, 2011 consisted of the following:

Deposits:	
Cash in Bank	\$ 83,483
Investments	
Cash and Investments with Trustee	17,573,435
County Treasurer's Investment Pool	11,977,111
	<u>29,634,029</u>
Less Cash and Investments with Trustee	<u>(17,573,435)</u>
Total Cash and Investments	<u>\$ 12,060,594</u>

Deposits

A.R.S. authorize the Stadium District to invest public monies in obligations of the U.S. Government and its agencies, obligations of the State and certain local government subdivisions, interest-bearing savings accounts and certificates of deposit, collateralized repurchase agreements, certain obligations of U.S. corporations, and certain other securities. The statutes do not include any requirements for credit risk, custodial credit risk, concentration of credit risk, interest rate risk, or foreign currency risk for the Stadium District's investments.

Investments

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of bank failure the Stadium District's deposits may not be returned to the Stadium District. It is the Stadium District's policy to collateralize all deposits by at least 101% of the deposits not covered by depository insurance. At year end, the carrying amount of the Stadium District's deposits was \$83,483 and the bank balance was \$83,483. At year end, the Stadium District's deposits were entirely covered by Federal depository insurance.

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

The County Treasurer's investment pool is not registered with the Securities Exchange Commission as an investment company and there is no regulatory oversight of its operations. The pool's structure does not provide for shares, and the County has not provided or obtained any legally binding guarantees to support the value of the participant's investments. The Treasurer allocates interest earnings to each of the pool's participants.

At year end, the Stadium District's investments consisted of the following.

Investment Type	Fair Value	Investment Maturities (in Years)	
		Less than 1	2-10
U.S. Treasuries - Wells Fargo			
Advantage Money Market	\$ 9,147,119	\$ 9,147,119	\$ -
Repurchase Agreement	5,223,910	-	5,223,910
U.S. Bank First American U.S.			
Government Obligations	3,202,406	3,202,406	-
		<u>\$ 12,349,525</u>	<u>\$ 5,223,910</u>
County Treasurer's Investment Pool	11,977,111	643 days average maturities	
Total	<u>\$ 29,550,546</u>		

Interest Rate Risk. The Stadium District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, state statutes do limit the maturity of investments to 5 years or less. The Stadium District is allowed by statute to invest monies not held for operations, such as the long term reserves, for longer periods of time as long as the maturities are matched with the expected need for the monies to be available for improvements to the facility. The debt service reserve (\$8,426,316) is partially invested in repurchase agreements (\$5,223,910) and is fully collateralized by securities held by the pledging financial institution in the Stadium District's name; the interest rate on the repurchase agreement is 4.57%. The remainder of the debt service reserve (\$3,202,406) is invested in U.S. Government Obligations.

Credit Risk. The Stadium District has no investment policy that would further limit its investment choices. As of year-end, the Stadium District's investment in the County Treasurer's investment pool did not receive a credit quality rating from a national rating agency, however, the investments held by the County Treasurer at year end were primarily U.S. agencies that were rated Aaa by Moody's Investors Service. The Stadium District's investment in U.S. Government Obligations received a rating of Aaa from Moody's Investors Services and AAA from Standard and Poor's.

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Custodial Credit Risk - Investments. The Stadium District's investment in the County Treasurer's investment pool represents a proportionate interest in the pool's portfolio; however, the Stadium District's portion is not identified with specific investments and is not subject to custodial credit risk.

Concentration of Credit Risk. The Stadium District places no limit on the amount the Stadium District may invest in any one issuer. The repurchase agreement represents 29.7% of the Stadium District's total investments. The Stadium District also held 52.1% of its investments in the Wells Fargo Advantage Treasury Money Market Fund and 18.2% in the U.S. Bank First American Government Obligation Fund.

NOTE 4 RECEIVABLES

Receivable balances for the year ended June 30, 2011 was as follows:

	Chase Field General Fund	Cactus League Special Revenue Fund	Debt Service Fund	Chase Field Capital Projects Reserve Fund	Total
Accounts	\$ 63,793	\$ -	\$ -	\$ 3,324	\$ 67,117
Interest	510	217	-	-	727

Net Total Receivables	<u>\$ 64,303</u>	<u>\$ 217</u>	<u>\$ 829,103</u>	<u>\$ 3,324</u>	<u>\$ 896,947</u>

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the Stadium District reported no deferred revenue in its governmental funds.

Amounts due from the Arizona Department of Revenue at year end include \$829,103 of auto rental surcharges in the Debt Service Fund collected by the State of Arizona but not received by the Stadium District.

Total	<u>\$ 2,967,467</u>	<u>\$ 1,179,241</u>	<u>\$ 1,090,018</u>	<u>\$ 5,236,726</u>

The transfer of \$1,179,241 from the Chase Field General Fund to the Debt Service Fund was for principal payments related to the Stadium District's commitments payable. The transfer of \$2,967,467 from the Chase Field Capital Projects Reserve Fund to the Chase Field General Fund was used to pay for major facility repair and maintenance costs incurred during the fiscal year. The transfer of \$1,090,018 from the Chase Field General Fund to the Capital Projects Reserve Fund is to pay for ongoing repair, replacement, and maintenance costs.

NOTE 7 LONG TERM OBLIGATIONS

Bonds Payable

Bonds payable at year end consisted of the following outstanding refunding bonds. The bonds are both callable and noncallable with interest payable semiannually. Auto Surcharge Rental Sales Tax is used to pay of the refunded revenue bonds.

Purpose	Interest Rates	Maturity Date	Original Amount	Outstanding Amount
Governmental Activities:				
Revenue Refunding Bonds: Series 2002	5.250-5.375%	06/01/11-19	<u>\$ 58,225,000</u>	<u>\$ 34,515,000</u>

The Stadium District has pledged future auto rental surcharge revenues to repay the Revenue Refunding Bonds of \$34.5 million as of the current fiscal year end. Proceeds from the bond issuance provided financing to refund previously issued bonded debt for the construction of Cactus League facilities. The bond is paid solely from auto rental surcharge revenues and is payable through 2019. The total principal and interest to be paid on the bond is \$43.4 million. The current fiscal year total auto rental surcharge revenues were \$5.0 million and the total principal and interest paid on the bond was \$5.4 million, or 109% of auto rental surcharge revenues. The remaining \$430,828 was paid from the previous year's auto rental surcharge revenues.

NOTE 8 EMPLOYMENT RETIREMENT PLAN

Plan Description

The Stadium District contributes to a cost-sharing, multiple-employer defined benefit pension plan; a cost-sharing multiple employer defined benefit health care plan; and a cost-sharing, multiple-employer defined benefit long-term disability plan, all of which are administered by the Arizona State Retirement System (ASRS). The ASRS (through its Retirement Fund) provides retirement (i.e., pension), death, and survivor benefits; the Health Benefit Supplement Fund provides health insurance premium benefits (i.e., a monthly subsidy); and the Long-Term Disability Fund provides long-term disability benefits. Benefits are established by state statute. The System is governed by the Arizona State Retirement System Board according to the provisions of A.R.S. Title 38, Chapter 5, Article 2.

The System issues a comprehensive annual financial report that includes financial statements and required supplementary information. The most recent report may be obtained by writing the System, 3300 North Central Avenue, P.O. Box 33910, Phoenix, Arizona 85067-3910 or by calling (602) 240-2000 or (800) 621-3778.

Funding Policy

The Arizona State Legislature establishes and may amend active plan members' and the Stadium District's contribution rates. For the current fiscal year, active ASRS members were required by statute to contribute at the actuarially determined rate of 9.85 percent (9.60 percent for retirement and 0.25 percent for long-term disability) of the members' annual covered payroll and the Stadium District was required by statute to contribute at the actuarially determined rate of 9.85 percent (9.01 percent for retirement and 0.59 percent for health insurance premiums, and 0.25 percent for long-term disability) of the members' annual covered payroll.

The Stadium District's contributions for the current and two preceding years, all of which were equal to the required contributions, were as follows.

<u>Year Ending June 30,</u>	<u>Retirement Fund</u>	<u>Health Benefit Supplement Fund</u>	<u>Long-Term Disability Fund</u>
2011	\$ 20,944	\$ 1,369	\$ 583

NOTE 9 RISK MANAGEMENT

The Stadium District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Under the agreements between the Stadium District and the Team, the facility insurance for Chase Field is carried by the facility manager and includes the Stadium District as a named insured. The caterer and all suiteholders also are required to carry insurance naming the District as insured. In addition, events other than Diamondbacks baseball games are required to obtain their own insurance also naming the Stadium District as insured. The Stadium District has been indemnified against all claims arising from events held in the Ballpark.

The Stadium District continues to be covered by Maricopa County through their Risk Management and Health Benefits Self-Insurance Fund for all risks of loss, including workers' compensation and employee health and accident insurance. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.
