

**DIABETES MANAGEMENT PROGRAM  
EFFECTIVE JULY 1, 2016  
EMPLOYEE BENEFITS DIVISION**

# AGENDA

- Diabetes Management Program Objectives
- Reason for Transition to the Healthplans
- Eligibility and Communication
- Program Requirements and Optional Services
- New and Currently Enrolled Participants
- Prescription Authorization Process
- Prescription Formulary Changes
- Contact Information

# OBJECTIVES

- Assist participants with managing their diabetes
- Stave off more serious health conditions exacerbated by diabetes
- Provide diabetes-related education
- Help offset the cost of diabetes medications and supplies
- Support participants in living a healthier life

# REASON FOR TRANSITION TO THE HEALTHPLANS

- Protect participants' privacy
- Establish program requirements based on medical recommendations
- Take full advantage of programs and support available through the healthplans
- Make it easier for members to participate
- Eliminate the administrative burden of participating in the program

# ELIGIBILITY AND COMMUNICATION

## Eligibility

- Employees and dependents enrolled in the County-sponsored Cigna HMO and UnitedHealthcare PPO medical plans and diagnosed with diabetes
- COBRA beneficiaries are ineligible

## Communication from the Healthplans

- Invitation to participate in the program
- Outline of program requirements
- Diabetes tips and information
- A *Program Completion Confirmation Letter* at the completion of the program

# PROGRAM REQUIREMENTS

## Required

- Annual Physical
- HbA1c Check
- Kidney Function Test (microalbumin & creatine)
- Cholesterol Test
- Blood Pressure Screening
- Annual Diabetes Retinal Eye Exam\*

## Optional

- Foot Exam\*
- Dietitian Visit\*
- Disease Management Program\*
- Medication Review\*
- Dental Cleanings\*\*

\* *through medical plan*

\*\* *through dental plan*

# PROGRAM REQUIREMENTS

## For Cigna Enrollees

- Call your Cigna Medical Group (CMG) Primary Care Physician to schedule your annual physical, check your blood pressure, and have lab tests ordered
- Call a Cigna Medical Group Vision Center to schedule your annual diabetes retinal eye exam with an Optometrist
- Complete a CMG Release Form – email to [MaricopaDMP@Cigna.com](mailto:MaricopaDMP@Cigna.com) or fax to 1-602-393-9844 (form provided with your program invitation)

# PROGRAM REQUIREMENTS

## For UnitedHealthcare Enrollees

- Call your Primary Care Physician to schedule your annual physical, check your blood pressure, and have lab tests ordered
- Call an Ophthalmologist through your UnitedHealthcare medical plan to schedule your annual diabetes retinal eye exam
- Complete and fax or mail your enrollment form to UnitedHealthcare (form provided with your program invitation)

# NEW AND CURRENT PARTICIPANTS

## ■ **New Participants**

- If not currently in the program with a prescription authorization that expires in Plan Year 2016-2017, work with your physician to complete the program requirements for the new Plan Year that starts July 1, 2016

## ■ **Current Participants**

- If currently in the program with a prescription authorization that expires in Plan Year 2016-2017, current authorization will continue through June 30, 2017

# PRESCRIPTION AUTHORIZATION PROCESS

- Prescription authorization eligibility confirmations will be sent to the County by the healthplans on the 23<sup>rd</sup> of each month.
- Prescription authorizations will be updated in the OptumRx system by the last day of the month following receipt of eligibility confirmation from the healthplans.
- Prescription authorizations will be effective the 1<sup>st</sup> day of the month following receipt of eligibility confirmation from the healthplans.
- All prescription authorizations will expire on June 30 or when benefits for an “Active Employee” end.

# PRESCRIPTION FORMULARY CHANGES

- OptumRx *Premium Formulary* – Effective July 1, 2016.
- Many but not all diabetes medications and supplies are covered under the OptumRx Co-Insurance Prescription Plan.
- If diabetes medications and/or supplies are excluded from the Formulary, work with your physician and the OptumRx Co-Insurance Prescription Plan for possible alternatives.

**IMPORTANT:** Medications or supplies not included in the Premium Formulary will not be covered regardless of participation in this program.
